## COUNTY WHEAT ENDANGERED BY LACK OF RAIN

Farmers Hope For Moisture  
To Speed Growth; Forecast  
Indicates Showers

TEMPERATURE GOES TO 77

October Precipitation Less  
Than Half Inch; Pickaway  
Man Hauls Water

Farmers scanned the skies Friday hoping for rain to break the record breaking grip the warm, dry weather has held on Pickaway county delaying corn husking and retarding the wheat crop.

"In general the wheat crop has not been seriously damaged so far," F. K. Blair, county extension agent, said Friday. "Some wheat in sandy soil has been damaged, but in general I don't believe there has been much damage. Naturally the growth has been delayed and the wheat is not so far along as it usually is at this time of year."

Some wheat in the county has not sprouted due to the dry weather. One report of a farmer planting wheat this week was received at the Farm Bureau.

Water Hauled

Corn husking has been delayed by the dry weather, causing leaves to break from the fodder. Farmers have been out husking early in the morning. Most of them stop at noon. A Pickaway township farmer has been hauling water to sprinkle shocks to get out his corn crop and save the fodder.

Rainfall for the entire month of October amounted to only .45 of an inch. Showers after wheat seeding sprouted the grain but lack of moisture has retarded the growth.

Rain was predicted for late Friday with cooler temperatures Saturday. Similar forecasts of rain this week failed to materialize.

Mercury at 77

The mercury hit 77 degrees Thursday afternoon, two degrees higher than the temperatures in Columbus that broke a 51 year old record. Lowest recording during the night was 41. Dr. H. R. Clarke, Circleville's weatherman, said the weather is the most unusual he can remember.

## MEMORIAL HALL SCENE OF FINAL RALLY BY DEMS

A large crowd is expected in Memorial hall Friday night for the final rally of the Democratic campaign.

Perry Faulkner, of Montpelier, O., past commander of the American Legion of Indiana, will be the principal speaker.

Preceding the rally the Democrats will stage a torch light parade scheduled to start at 7:30 o'clock. The rally is set for 8 o'clock.

### 14 Dead As Liner Falls

LONDON, Nov. 4.—(UP)—Fourteen persons were killed today when a Jersey Airways airplane crashed about 550 yards from the airport at St. Helier, Jersey, in the Channel islands, while trying to land in fog.

The victims included 11 passengers, one of them a baby, the pilot and wireless operator of the plane, and a man who was working in the field.

BY UNITED PRESS  
The senate campaign expenditure committee opened an investigation today into Republican charges that pressure has been exerted on Ohio W.P.A. workers to win votes for Sen. Robert J. Bulkley and Charles Sawyer, Democratic candidates for senator and governor.

Sen. Morris Sheppard, D. Texas, chairman of the committee, announced in Washington on receipt of a complaint by Robert A. Graft and John W. Bricker, the Republican senatorial and gubernatorial nominees, that investigators would come to Ohio promptly to begin their inquiry.

## TED BALKO TOPS NATION'S FINEST HUSKERS OF CORN

DELL RAPIDS, S. D., Nov. 4.—(UP)—Ted Balko, 33, Redwood Falls, Minn., a rangy, powerful farmer, is king of all America's corn huskers.

He won the title for the second time late yesterday by virtue of a "bangboard romp" over 20 other young farmers from 11 states in the 15th annual national cornhusking tournament. He husked through mud, rain and intermittent snow to pick a total of 22.24 bushels of corn and win \$100 and a silver trophy.

A crowd of 125,000 thronged around the 60-acre contest field to cheer the huskers.

Irvin Bauman, 24, Woodford county, Illinois farmer, finished second with 21.74 bushels. He edged out Harold Larson, Wright county, Iowa, by only a few ears. Larson's score was 21.65.

Balko won the national tournament in 1934 at Fairmont, Minn., and has won the Minnesota crown six times. His teammate and the defending national titlist, Ray Hanson of Bingham Lake, Minn., finished 11th.

Bauman, the runnerup, picked a gross load of 1,750 pounds, more than any other husker, but he had a deduction of 227.95 pounds for cleanings and huskings. Balko's load weighed 1,620 pounds, but his deduction amounted only to 63 pounds.

Fourth place winner was Dick Post, Rock county, Wisconsin, with a net load of 21.33 bushels. Rous Vaughan of Platt county, Illinois, followed in fifth with a score of 21.02, and Villas Jacks of Indiana, was sixth with 20.79 bushels.

### "Un-American Prober" Poses for the Cameraman

CIRCLEVILLE and Pickaway county residents who take an interest in political rallies remember Martin Dies, the Texas Democrat, who is in the center of the nation's spotlight as chairman of the house committee probing un-American activities within the nation's borders. Rep. Dies, a fiery orator, spoke in Memorial Hall two years ago in the interest of President Roosevelt's campaign. He is shown above in several characteristic poses.

## DIES TO RESUME PROBE OF OHIO SIT-DOWN STRIKE

WASHINGTON, Nov. 4.—(UP)—Chairman Dies, D. Tex., of the house committee investigating un-American activities expected to resume hearings on alleged communistic influence among sit-down strikers today.

The committee was ready to hear a group from Ohio testify about sit-down strikers in the steel industry, but the hearings twice have been delayed by failure of witnesses to arrive.

Dies charged yesterday that President Roosevelt's rebuke of his group for hearing testimony charging Gov. Frank Murphy of Michigan with "treasonable" action had caused witnesses to hesitate about making new allegations. He also issued a statement thanking persons who had sent contributions to the committee after reports that the group was running short of funds.

"While we are in desperate need of money, I have returned all of these contributions because I doubt the propriety of a congressional committee accepting contributions."

President Homer Martin of the United Automobile Workers union, subpoenaed again to appear before the committee next week, announced that he would appear next Wednesday "only" because he had been subpoenaed. He again criticized the committee for "becoming involved in partisan politics."

## MAN DIES, WOMAN HURT IN NIGHT CLUB SHOOTING

NEWARK, Nov. 4.—(UP)—Donald Hatfield, 30, night club employee, shot while eating his evening meal, died in a hospital here today. Mrs. Mattie Nies, 46, owner of the "Four Mile Inn," was in critical condition with a bullet wound in the chest.

Max Heck, 50, Mt. Vernon gasoline station employee, was to be questioned about the shooting today by Licking county officers.

Mrs. Nies told officers that she and Hatfield were eating dinner at the inn on route 79, four miles southwest of here, and invited Heck to join them.

## SIX FACE CADDY ON 'NUMBER' CHARGES

Six arrests of persons participating in the "numbers" game were reported by police Friday. One forfeited a \$50 bond Thursday afternoon, four others posted similar bonds to report for hearings Friday at 7 p. m. and the sixth was ordered to report in court Friday afternoon.

All arrested are alleged to have been "picking up" numbers. Most of them have previously been arrested and forfeited similar bonds.

The arrests were made by Officers Fred Fitzpatrick and Carl Radcliff.

Steve Thuransky, Columbus, forfeited his bond Thursday afternoon. Others who posted bond to report Friday evening were Mrs. Opal Fisher, S. Pickaway street; Harold O. Evelyand, N. Court street; Clyde Weaver, Corwin street, and Alonzo Ferguson, Lancaster pike. Carrie Zimmer, Columbus, was to report in court Friday afternoon.

Mayor W. B. Cady said all were charged with promoting a game of chance in violation of a city ordinance.

## COURT PREPARES FOR DOCKET OF CIVIL ACTIONS

Assignment of eight cases for trial during the remainder of November and the first week of December was announced Friday in Common Pleas court.

The first case, to be presented to Judge Meeker Terwilliger, will be heard Monday. It is the suit of Dr. G. D. Sheets, Williamsport, against P. C. Florence. The suit asks \$31.50 and is based on an auto mishap Oct. 22, 1938 at Court and High streets. Dr. Sheets asks \$16.50 for damages to his car and \$15 for the loss of the use of the car for three days.

Other cases assigned are: Nov. 10, Charles Hess against the Ralston-Purina Co., asking \$1,600 alleged due on a breach of contract; Nov. 14, Anna Merle Roof, Lockbourne Route 1, against Robert Funk and Raymond Robert Shadley, Circleville, action for \$25,729.90 based on an auto accident; Nov. 21, S. C. Weidinger, Muhlenberg township, against L. M. Hammack, action for \$10,000 alleging malicious prosecution; Nov. 25, The State of Ohio, ex rel., Evelyn Binkley against James M. Binkley, paternity proceedings; Nov. 28, George Finch against Elizabeth George, action for cancellation of a mortgage; Nov. 30, Catherine Thacker against Jacob Dumm, action for \$10,000 damages, and Dec. 5, Ralph Leesburg against Dennis Kautz, action for \$5,000 alleging false imprisonment.

**JENKINS ENROUTE SOUTH**  
Marvin Jenkins, star fullback on the Circleville high school football team, is enroute South, a letter received by relatives disclosed.

The letter was mailed from Georgetown, O., Wednesday night.

Heck formerly was employed by Mrs. Nies.

Other Investigations Of  
Explosion On West  
Coast Under Way

SAN FRANCISCO, Nov. 4.—(UP)—Six investigations opened today in the mysterious explosion which crippled the Nazi steamer Vancouver, endangering the lives of 17 passengers and a crew of 60 and sent her aground.

The 8269-ton vessel, steaming along the Oakland-Alameda estuary to San Francisco before sailing for Bremen, was run into shallow water and settled upright in the mud. Had the blast occurred a few minutes later, the Vancouver would have been over deep water of San Francisco Bay and possibly would have sunk.

The Federal Bureau of Investigation entered the case because the ship flew a foreign flag. They were joined also by the U. S. steamboat and inspection service, the German consulate, and Alameda police.

Although none would comment on possibility of sabotage, Capt. W. Moessinger, master, said "it looks suspicious." District Attorney Earl Warren said "it's a very ticklish situation." He admitted that "all witnesses called testified that the blast occurred outside the ship."

Warren expected that the vessel would be refloated by noon, and that experts would determine the source of the blast. Until they gave an opinion, Warren said, "it would be very foolish to guess what actually happened."

## SALLY TO FIGHT JURY CONVICTION IN ASSAULT CASE

HOLLYWOOD, Nov. 4.—(UP)—Between swish of the fan and bounce of the bubble, Miss Sally Rand today mapped a campaign to test her legal rights, if any, to privacy—and to keep out of jail on conviction of biting a couple of customers.

The prosecutor said she bit 'em because they snapped a picture of her in a suit of heavy tulle powder while she danced on the stage of the Paramount theatre. A jury in criminal court found her guilty, as charged by Ray Stanford and Hazel Drain, the candid camera photographers. Judge C. A. Bailreich will decide Monday on her sentence. Maximum punishment would be a year in jail and \$2,000 fine.

Miss Rand was free on \$1,000 bond and intends to appeal the verdict, and appeal it again, if need be.

## CHANDLER TO CAST VOTE FOR SOLON WHO BEAT HIM

DAYTON, Ky., Nov. 4.—(UP)—Governor A. B. (Happy) Chandler next Tuesday will keep a promise he made during the Kentucky senatorial primary campaign last Summer.

Chandler told a political rally last night he will vote for the reelection of Senator Alben K. Barkley who defeated him for the senatorial nomination in a bitter campaign. He recalled his primary promise and added that the Kentucky state government would continue to co-operate with the New Deal administration.

President Roosevelt endorsed Barkley during the primary.

**FRAULEIN Leni Riefenstahl**, Germany's outstanding film queen, personal friend of Adolf Hitler and photographer director for the Nazi party, is said to be enroute to the United States to launch a film she made of the 1936 Olympic games. The film is said to run five hours.

## CORNEAS PLACED IN EYES OF BOY, 3, AND OF MAN, 25

SAN FRANCISCO, Nov. 4.—(UP)—A three year old boy tossed feverishly today on a hospital bed, with "only one chance in 100" of seeing through a dead man's eye.

The child, blind since birth, and a 25 year old man nearly sightless, received vital cornea tissue from the eyes of John W. Deering, executed Utah murderer. It was believed the first time that so young a patient as the boy had been the subject of a cornea transplanting operation.

Names of the patient and the operating specialist were withheld. But he had performed three previous successful operations, in one case using the eyes of a dead woman.

"Ordinarily," said the surgeon, "we would not have operated on so small a child whose eyes were in such bad condition. But the case seemed so pathetic I figured it worth a chance."

"After all, people do everything to gain but nothing to lose."

Although it will be a week or more before result of the surgery is known, the specialist believed that the older patient had a "fair chance" to regain partial vision.

BY UNITED PRESS  
Nearly 5,000 volunteers, W.P.A. workers and C.C.C. enrollees today were battling a series of forest fires in Indiana, Illinois, Kentucky, West Virginia and Virginia, which already had destroyed thousands of dollars worth of timber and are endangering isolated homes and communities in their paths.

The fires were sweeping across sections of Wayne and Hamilton counties in southern Illinois, and through a dozen counties in the Cumberland mountain region in southeastern Kentucky. Scores of small brush and timber fires were reported across the Kentucky border in Virginia and West Virginia.

Forestry rangers said the areas were extremely susceptible to fire due to the lack of rain during the last few weeks. A strong southeast wind, which reached a velocity of 35 miles an hour in southern Illinois early today, hampered firemen's efforts.

**Much Timber Lost**  
Conditions were most serious in southern Illinois and in southeastern Kentucky where flames have destroyed more than \$100,000 worth of timber and threatened coal mine tipples in Harlan, Bell, Leslie, Whitley, Jackson, Letcher and Pike counties.

Three hundred C.C.C. workers were fighting fire along a three mile front northwest of Columbus, Ind. The fire already had destroyed 1,500 acres of timber. The firemen warned several families in the path of the flames to evacuate their homes.

H. B. Leonard, state forestry ranger said about 700 men were fighting the fires in southeastern Kentucky and nearly 2,000 men were on the fire lines in West Virginia and Virginia.

"We need more men but haven't much chance of getting them down in this area," he said. "The timber is extremely dry all over the state and I wouldn't be surprised (Continued on Page Eight)

## NAZI SPY TRIAL NEAR ITS END; COURT IN UPROAR

NEW YORK, Nov. 4.—(UP)—The government expected to close its case in federal court today against three alleged Nazi spies.

The chief witness will be Mrs. Gusti Rumrich, wife of Guenther Gustav Rumrich, a confessed spy who turned government's evidence.

The prisoners are Johanna Hofman, Erich Glaser and Otto Hermann Voss.

The session yesterday ended in an uproar during the final cross examination of Leon G. Turrour, former agent of the Federal Bureau of Investigation who resigned after completing his investigation of spy activities.

Turrour and George Dix, attorney for Miss Hofman, argued bitterly.

Dix insinuated that Turrour "framed" the case against the three defendants to further his own interests.

"That's a damnable lie," Turrour shouted when Dix accused him of trying to get Dr. Ignatz Griebel, alleged leader of the spy ring, to "frame" an employee of a Brooklyn gyroscope factory.

When Turrour replied to a question Dix had asked concerning his actions in the espionage investigation, the defense lawyer replied, "I think you're a liar." Federal Judge John C. Knox warned Dix he would be punished if he did not change his attitude.

Corn husking has been delayed  
by the dry weather, causing leaves  
to break from the fodder. Farm-  
ers have been out husking early in  
the morning. Most of them stop  
at noon. A Pickaway township

of moisture has retarded the  
growth.

Rain was predicted for late Fri-

Chairman Dies, D., Tex., of the  
house committee investigating un-

COURT PREPARES  
FOR DOCKET OF  
CIVIL ACTIONS

Assignment of eight cases for  
trial during the remainder of No-  
vember and the first week of  
December was announced Friday  
in Common Pleas court.

The first case, to be presented  
to Judge Meeker Terwilliger, will  
be heard Monday. It is the suit of  
Dr. G. D. Sheets, Williamsport,  
against P. C. Florence. The suit  
asks \$31.50 and is based on an  
auto mishap Oct. 22, 1938 at Court  
and High streets. Dr. Sheets asks  
\$16.50 for damages to his car and  
\$15 for the loss of the use of the  
car for three days.

Other cases assigned are: Nov.  
10, Charles Hess against the  
Ralston-Purina Co., asking \$1,600  
alleged due on a breach of con-  
tract; Nov. 14, Anna Merle Roof,  
Lockbourne route 1, against Robert  
Funk and Raymond Robert  
Shadley, Circleville, action for  
\$25,729.90 based on an auto acci-  
dent; Nov. 21, S. C. Weidinger,  
Muhlenberg township, against L.  
M. Hammack, action for  
\$10,100 alleging malicious prosecu-  
tion; Nov. 25, The State of Ohio,  
ex rel., Evelyn Binkley against  
James M. Binkley, paternity  
proceedings; Nov. 28, George  
Finch against Elizabeth George,  
action for cancellation of a mort-  
gage; Nov. 30, Catherine Thacker  
against Jacob Dumm, action for  
\$10,000 damages, and Dec. 5, Ralph  
Leesburg against Dennis Kautz,  
action for \$5,000 alleging false  
imprisonment.

Mr. Roosevelt will begin his  
address at 7:30 o'clock speaking  
from the library of Hyde Park  
house.

White House attaches said the  
speech was still in rough draft  
form and that the President might  
make some last minute revisions.  
Consequently, they said, completed  
texts would not be available until  
late.

Mr. Roosevelt planned to make  
a ringing call for the election of  
the slate headed by Gov. Herbert  
H. Lehman, but in his scheduled  
half hour broadcast he is expected  
to plead also and by name for  
Gov. Frank Murphy of Michigan.  
From the White House last week  
he paid tribute to Murphy in a  
formal statement.

Other Investigations Of  
Explosion On West  
Coast Under Way

SAN FRANCISCO, Nov. 4 —  
(UP)—Six investigations opened  
today in the mysterious explo-  
sion which crippled the Nazi  
steamer Vancouver, endangering  
the lives of 17 passengers and a  
crew of 60 and sent her aground.

The 8269-ton vessel, steaming  
along the Oakland-Alameda es-  
tuary to San Francisco before sailing  
for Bremen, was run into shallow  
water and settled upright in the  
mud. Had the blast occurred a  
few minutes later, the Vancouver  
would have been over deep water  
of San Francisco Bay and pos-  
sibly would have sunk.

The Federal Bureau of Investi-  
gation entered the case because  
the ship flew a foreign flag. They  
were joined also by the U. S.  
steamboat and inspection service,  
the German consulate, and Ala-  
meda police.

Although none would comment  
on possibility of sabotage, Capt.  
W. Moessinger, master, said "it  
looks suspicious." District Attor-  
ney Earl Warren said "it's a very  
ticklish situation." He admitted  
that "all witnesses called testified  
that the blast occurred outside the  
ship."

Warren expected that the vessel  
would be refloated by noon, and  
that experts would determine the  
source of the blast. Until they  
gave an opinion, Warren said, "it  
would be very foolish to guess  
what actually happened."

SALLY TO FIGHT  
JURY CONVICTION  
IN ASSAULT CASE

HOLLYWOOD, Nov. 4.—(UP)—  
Between swish of the fan and  
bounce of the bubble, Miss Sally  
Rand today mapped a campaign  
to test her legal rights, if any, to  
privacy—and to keep out of jail  
on conviction of biting a couple of  
customers.

The prosecutor said she bit 'em  
because they snapped a picture of  
her in a suit of heavy talcum pow-  
der while she danced on the stage  
of the Paramount theatre. A jury  
in criminal court found her guilty,  
as charged by Ray Stanford and  
Hazel Drain, the candid camera  
photographers. Judge C. A. Ball-  
reich will decide Monday on her  
sentence. Maximum punishment  
would be a year in jail and \$2,000  
fine.

Miss Rand was free on \$1,000  
bond and intends to appeal the  
verdict, and appeal it again, if  
needed be.

CHANDLER TO CAST VOTE  
FOR SOLON WHO BEAT HIM

DAYTON, Ky., Nov. 4.—(UP)—  
Governor A. B. (Happy) Chandler  
next Tuesday will keep a promise  
he made during the Kentucky  
senatorial primary campaign last  
Summer.

Chandler told a political rally  
last night he will vote for the re-  
election of Senator Alben K. Bark-  
ley who defeated him for the sena-  
torial nomination in a bitter cam-  
paign. He recalled his primary  
promise and added that the Ken-  
tucky state government would con-  
tinue to co-operate with the New  
Deal administration.

President Roosevelt endorsed  
Barkley during the primary.

CORNEAS PLACED  
IN EYES OF BOY,  
3, AND OF MAN, 25

SAN FRANCISCO, Nov. 4 —  
(UP)—A three year old boy tossed  
feverishly today on a hospital  
bed, with "only one chance in 100"  
of seeing through a dead man's  
eye.

The child, blind since birth, and  
a 25 year old man nearly sightless,  
received vital cornea tissue from  
the eyes of John W. Deering, ex-  
ecuted Utah murderer. It was be-  
lieved the first time that so  
young a patient as the boy had  
been the subject of a cornea trans-  
planting operation.

Names of the patient and the  
operating specialist were withheld.  
But he had performed three pre-  
vious successful operations, in one  
case using the eyes of a dead wo-  
man.

"Ordinarily," said the surgeon,  
"we would not have operated on  
so small a child whose eyes were  
in such bad condition. But the  
case seemed so pathetic I figured  
it worth a chance."

"After all, people do win sweep-  
stakes. The child had everything to  
gain but nothing to lose."  
Although it will be a week or  
more before result of the surgery  
is known, the specialist believed  
that the older patient had a "fair  
chance" to regain partial vision.

5,000 VOLUNTEERS AID

W. P. A., C. C. C. Members  
Join In Effort To Halt  
Destruction

BY UNITED PRESS  
Nearly 5,000 volunteers, W.P.A.  
workers and C.C.C. enrollees today  
were battling a series of forest  
fires in Indiana, Illinois, Kentucky,  
West Virginia and Virginia, which  
already had destroyed thousands  
of dollars worth of timber and are  
endangering isolated homes and  
communities in their paths.

The fires were sweeping across  
sections of Wayne and Hamilton  
counties in southern Illinois, and  
through a dozen counties in the  
Cumberland mountain region in  
southeastern Kentucky. Scores of  
small brush and timber fires were  
reported across the Kentucky  
border in Virginia and West Vir-  
ginia.

Forestry rangers said the areas  
were extremely susceptible to fire  
due to the lack of rain during the  
last few weeks. A strong south-  
east wind, which reached a velocity  
of 35 miles an hour in southern  
Illinois early today, hampered fire-  
men's efforts.

Much Timber Lost

Conditions were most serious in  
southern Illinois and in south-  
eastern Kentucky where flames have  
destroyed more than \$100,000  
worth of timber and threatened  
coal mine tipples in Harlan, Bell,  
Leslie, Whitley, Jackson, Letcher  
and Pike counties.

Three hundred C.C.C. workers  
were fighting fire along a three  
mile front northwest of Columbus,  
Ind. The fire already had destroyed  
1,500 acres of timber. The firemen  
warned several families  
in the path of the flames to evacu-  
ate their homes.

H. B. Leonard, state forestry  
ranger said about 700 men were  
fighting the fires in southeastern  
Kentucky and nearly 2,000 men  
were on the fire lines in West Vir-  
ginia and Virginia.

"We need more men but haven't  
much chance of getting them down  
in this area," he said. "The tim-

NAZI SPY TRIAL  
NEAR ITS END;  
COURT IN UPROAR

NEW YORK, Nov. 4.—(UP)—  
The government expected to close  
its case in federal court today  
against three alleged Nazi spies.

The chief witness will be Mrs.  
Guri Rumrich, wife of Guenther  
Gustav Rumrich, a confessed spy  
who turned government's evidence.  
The prisoners are Johanna Hof-  
man, Erich Glaser and Otto Her-  
mann Voss.

The session yesterday ended in  
an uproar during the final cross  
examination of Leon G. Turrou,  
former agent of the Federal Bu-  
reau of Investigation who resigned  
after completing his investigation  
of spy activities.

Turrou and George Dix, attor-  
ney for Miss Hofman, argued bit-  
terly.  
Dix insinuated that Turrou  
"framed" the case against the  
three defendants to further his  
own interests.

"That's a damnable lie," Turrou  
threw when Dix accused him of  
trying to get Dr. Ignatz Griebel,  
alleged leader of the spy ring, to  
"frame" an employee of a Brooklyn  
gyroscope factory.

When Turrou replied to a ques-  
tion Dix had asked concerning his  
actions in the espionage investiga-  
tion, the defense lawyer replied,  
"I think you're a liar."  
Federal Judge John C. Knox  
warned Dix he would be punished  
if he did not change his attitude.

# BIG SALT CREEK SCHOOL FROLIC TO BE NOV. 11-12

Annual Fair Planned With About \$200 In Premiums For Pupils

## DIVISION HEADS NAMED

Stock, Farm Products, Home Economics, Antiques To Be Shown

Annual Saltcreek School Fair will be held Nov. 11 and 12.

Exhibits will include livestock, farm products, home economics, antiques and home department displays. Faculty members in charge of the various departments are: livestock, L. H. Chase; farm products, Maynard Campbell; home economics, Jeanette Hockman and Margaret Chilcote; antiques, Gomer Jones, Pauline Shryock and Todd Mitchell, and home department, Florence Jenkins. Commercial exhibits will be sponsored by business firms.

Each entry in the fair for a premium must be made by a person enrolled in the school. Every pupil making at least one entry will receive a premium. The first place in each classification will receive a special prize. The student making the most entries in each department will receive a \$3 award. A grand prize of \$10 in merchandise will be given the pupil scoring the most points in the fair. More than \$200 in premiums will be awarded.

If sufficient entries are received, a horse pulling contest will be sponsored.

## DISTRICT SCOUT LEADERS MEET FOR DISCUSSION

Pickaway district Boy Scout committee, of which James I. Smith, Jr. is chairman, will meet next Wednesday noon in the American Hotel coffee shop.

The Scouters will survey the progress of the Scout movement in the district and make plans for the annual meeting.

Troop committee members-at-large of the district committee and other interested Scouters comprise the group meet for the luncheon.

# WELL, I'LL TELL YOU

BY BOB BURNS

I've often wondered what an awful lot of commotion it would make if merchants would listen to the market quotations and mark their prices up and down all through the day according to the quotations on textiles, wheat and steel in Wall street.

One day I was passing a little art store and I saw a little oil painting in the window priced at four dollars. The next day when I went back to buy it, it was priced at five and a quarter. When I asked the proprietor about it, he says, "Well, according to the papers, oil rose two points yesterday."

# Next Year To Improve Conditions For Farmers

COLUMBUS, Nov. 4—Ohio farmers are expected to share in the improved demand for farm products and increased farm income in prospect for the coming year, Director H. C. Ramsower, of the agricultural extension service, said today.

Director Ramsower, in commenting on the annual farm outlook reports released this week by the Federal Bureau of Agricultural Economics, also pointed to the prospect for a slight rise in prices of farm products as a whole and the possibility of a reduction in the disparity between prices received by farmers and the prices paid by them.

So far this year, cash farm income for the entire country is down about 13 percent from that of 1937. In August the total income for the calendar year 1938 was estimated by the Bureau at about \$7,500,000,000. But it is believed that this figure may be raised somewhat because of the better demand for farm products in recent weeks and increased government purchases of surplus farm products. A further increase in income is expected in 1939, mainly from products such as meat animals, dairy and poultry products, and fruits and vegetables, which respond rather rapidly to increases in consumer purchasing power. It is believed that increases in the marketings of these products will more than offset the effect of any price declines resulting from the larger supplies.

General economic conditions in the United States "are mostly favorable to recovery," the report states. A material increase in industrial production in 1939 is, of course, expected to be reflected in larger consumer incomes, which in turn will mean a better demand for the products from Ohio's farms.

Looking across the waters, Director Ramsower said "things do not look so favorable." General economic conditions abroad may show some improvement during the year, but "competing foreign supplies will be much larger than in 1938."

The net cash income of farm operators also may be materially higher next year, for farm production expenses are expected to show little change and may be somewhat lower. The combined level of farm wage rates and prices of commodities used for production on the farm "probably will average a little lower than in 1938."

Farm wage rates, an important item in production costs, have weakened during the past year. And though they will probably increase, the average for 1939 may be about the same as in 1938, the economists say. Prices paid for farm machinery, automobiles, fertilizer, feed, and seed probably will be lower. Little change is booked for in prices paid by farmers for equipment and supplies. Building

member of the school of "Jezebel" and "Scarlett O'Hara," Miss Bennett, as a Texas cattle queen, goes her tempestuous sisters one better and actually instigates a rebellion which she hopes will overthrow Northern rule and detach Texas from the Union!

In this panoramic drama of the South's struggle for existence during the dark days of the Reconstruction era, Miss Bennett has the most important role of her screen career. She plays a spitfire Dixie belle who refuses to admit the Northern conquest and battles furiously with her sweetheart, played by Randolph Scott, against a policy of reconciliation.

As Miss Bennett struggles to keep herself and her huge land holdings out of the hands of corrupt politicians, all the horror of the post-war years is revealed. Already prostrate from four years of war, the South is overrun by a crowd of the most miserable men ever to appear on the American scene, the carpet-baggers and scoundrels, who bled the region for their own personal profit.

A thrilling scene from "Valley of the Giants" a story of lumbermen in the redwood forest, and filmed in beautiful technicolor, is shown below.

## SAFETY COUNCIL COMBATS HEAVY TOLL OF DEATHS

Organization Urges More Care Than Usual During November, December

### WEATHER GIVEN BLAME

Annual Holiday Rush Named, Too, As One Of Reasons For Fatalities

CHICAGO, Nov. 4.—"Keep the fifth man alive!" The National Safety Council went to the drivers and pedestrians of the country with that appeal today in an effort to pull down the usually super-heavy November and December traffic toll.

The goal is to cut this toll 20 percent and thus keep pace with an unbroken reduction in traffic deaths that prevailed the first three quarters of the year with a saving of 5,820 lives. This drastic drop has come in the face of the fact that automotive travel has increased slightly in the same period.

If the 20 percent reduction rate can be maintained the rest of the year, the Council said, the 1938 traffic toll will be approximately 8,000 below last year's total of 39,500 and this year will go down as the most encouraging in the nation's history from the traffic safety viewpoint.

A uniform 20 percent drop in fatalities means, the Council pointed out, that one out of every five persons doomed to die in traffic this year will be spared.

#### Months Dangerous

The nation-wide campaign being conducted by the council, and participated in by 32 other national organizations, is prompted by the fact that November traffic deaths totaled 3,750. The December toll was 3,730.

Over a five-year period the November toll was 20 percent and the December total 30 percent greater than the year-long monthly average.

The reasons for this, council engineers say, are bad weather, more hours of darkness and the Christmas holiday rush.

In only one other year since traffic fatality figures first were compiled nationally in 1906 has there been a reduction in the annual toll, the council said. That was in 1932.

The extent of the recent gains is more impressive because of the fact that the period of unbroken reductions began in November, 1937.

The council is taking its nation-wide campaign straight to police chiefs, motor vehicle administrators, and other public officials, to community safety council officials and safety contact men in thousands of cities.

#### President Sees Hope

"This year, for the first time," said D. D. Fennell, president of the National Safety Council, "we have a fine chance of effecting really substantial reductions in traffic fatalities. Everything depends on this final two-month period—the period when normally we pile up huge death tolls."

"Sleet, ice, snow and fog soon will make roads and highways doubly dangerous. Darkness comes earlier. There is the Christmas rush, and its hurry and bustle and spirit of conviviality, and the natural tendency by police and traffic officers to be lenient because of the geniality of the times."

"This year, more than ever before, we must clamp down on careless drivers and pedestrians. A substantial drop in traffic deaths this year not only would be a fine achievement in itself, but would be a powerful stimulus to greater gains next year and in the years to come."

"Too many of us have felt that a steady increase in the traffic toll was inevitable. We now are proving that it isn't."

## This Baby Weighed 17 Pounds

ONE of the heaviest babies in medical history was born to Mrs. Alex Dement, wife of a farmer at Bassfield, Miss. The baby, shown with the proud mother, weighed 17 pounds at birth. According to the attending physician, Dr. R. R. McNease, it was the largest baby he has ever seen at birth in his 26 years of medical practice.

## "Honor Thy Father and Thy Mother"

"BRASS TACKS" ON THE SUNDAY SCHOOL LESSON

(The International Uniform Lesson on the above topic for Nov. 6 is Exodus 20: 12; Luke 2: 46-52; John 19: 26, 27; Ephesians 6:1-4, the Golden Text being Exodus 20:12, "Honor thy father and thy mother; that thy days may be long in the land which the Lord thy God giveth thee.")

By NEWMAN CAMPBELL

TODAY'S LESSON is very interesting. It starts with one of the old Jewish laws which God gave to Moses on tablets of stone. It is the fifth commandment: "Honor thy father and thy mother." It tells of Jesus' adventure when He was 12 years old and was lost for three days and finally found in the temple. And last it takes us to that sad time when Jesus was crucified and in the agony of that dreadful death remembered His mother and put her in the care of His best-loved disciple.

Most people love their parents, but parents are not always honored and obeyed. Children in the United States are usually referred to as having more freedom and being less obedient than in any other land. Of course this is the parents' fault. They should teach obedience to the rules of the home as well as obedience to the laws of the country. Children who must keep the home rules are much more likely to obey the laws of the land and be good citizens.

The Bible story does not say if Jesus disobeyed His parents in remaining in Jerusalem when they started for home after attending the Feast of the Passover. Probably not, for He did not seem to feel guilty when, after three days of searching, they found Him. He was so deeply interested in the elders of the temple and what they told Him, that He had hardly missed His parents. And when His mother scolded Him, He seemed surprised to think she thought He had done wrong. It was His business, He thought, to learn all He could from these men in the temple, and so He answered His mother, not disrespectfully, but as if she should know that He was only doing His duty. "Wist ye not that I must be about my father's business?" He said.

And His mother must have understood, for she "kept all these sayings in her heart," just as all mothers do with the unusual things their children say.

And then time went on and Jesus grew to manhood and was very well known in all the land. He preached to all manner of peo-

ple and performed miracles and "the common people heard Him gladly." But the priests and those who were in authority did not like Him and His doctrine of loving one another and doing good to those who used them badly, and they schemed to have Him crucified. They thought that would be an end of the queer new religion and the man who was so loved and revered.

And so they crucified Him. And as He was hanging from the cross suffering untold agony. He looked down and there was His mother. Near her was His best-beloved disciple, Jesus called to both and said to His mother, "Woman, behold your son!" meaning the disciple. And to His friend He said, "Behold your mother," and the disciple took Jesus' mother to his own home to live and to be cared for.

The Bible has another commandment, and this time it is to parents. After telling children to obey and honor their parents, it tells parents not to provoke their children. In the happy home the children honor the parents, and the parents understand and respect the children, bringing "them up in the nurture and admonition of the Lord."

## SAFETY COUNCIL COMBATS HEAVY TOLL OF DEATHS

Organization Urges More Care Than Usual During November, December

### WEATHER GIVEN BLAME

Annual Holiday Rush Named, Too, As One Of Reasons For Fatalities

CHICAGO, Nov. 4.—"Keep the fifth man alive!"

The National Safety Council went to the drivers and pedestrians of the country with that appeal today in an effort to pull down the usually super-heavy November and December traffic toll.

The goal is to cut this toll 20 percent and thus keep pace with an unbroken reduction in traffic deaths that prevailed the first three quarters of the year with a saving of 5,820 lives. This drastic drop has come in the face of the fact that automotive travel has increased slightly in the same period.

If the 20 percent reduction rate can be maintained the rest of the year, the Council said, the 1938 traffic toll will be approximately 8,000 below last year's total of 39,500 and this year will go down as the most encouraging in the nation's history from the traffic safety viewpoint.

A uniform 20 percent drop in fatalities means, the Council pointed out, that one out of every five persons doomed to die in traffic this year will be spared.

Months Dangerous

The nation-wide campaign being conducted by the council, and participated in by 32 other national organizations, is prompted by the fact that November traffic deaths totaled 3,750. The December toll was 3,730.

Over a five-year period the November toll was 20 percent and the December total 30 percent greater than the year-long monthly average.

The reasons for this, council engineers say, are bad weather, more hours of darkness and the Christmas holiday rush.

In only one other year since traffic fatality figures first were compiled nationally in 1906 has there been a reduction in the annual toll, the council said. That was in 1932.

The extent of the recent gains is more impressive because of the fact that the period of unbroken reductions began in November, 1937.

The council is taking its nation-wide campaign straight to police chiefs, motor vehicle administrators, and other public officials, to community safety council officials and safety contact men in thousands of cities.

### President Sees Hope

"This year, for the first time," said D. D. Fennell, president of the National Safety Council, "we have a fine chance of effecting really substantial reductions in traffic fatalities. Everything depends on this final two-month period—the period when normally we pile up huge death tolls.

"Sleet, ice, snow and fog soon will make roads and highways doubly dangerous. Darkness comes earlier. There is the Christmas rush, and its hurry and bustle and spirit of conviviality, and the natural tendency by police and traffic officers to be lenient because of the geniality of the times.

"This year, more than ever before, we must clamp down on careless drivers and pedestrians. A substantial drop in traffic deaths this year not only would be a fine achievement in itself, but would be a powerful stimulus to greater gains next year and in the years to come.

"Too many of us have felt that a steady increase in the traffic toll was inevitable. We now are proving that it isn't."

## This Baby Weighed 17 Pounds

ONE of the heaviest babies in medical history was born to Mrs. Alex Dement, wife of a farmer at Bassfield, Miss. The baby, shown with the proud mother, weighed 17 pounds at birth. According to the attending physician, Dr. R. R. McNease, it was the largest baby he has ever seen at birth in his 26 years of medical practice.

## "Honor Thy Father and Thy Mother"

"BRASS TACKS" ON THE SUNDAY SCHOOL LESSON

(The International Uniform Lesson on the above topic for Nov. 6 is Exodus 20: 12; Luke 2: 46-52; John 19: 26, 27; Ephesians 6:1-4, the Golden Text being Exodus 20:12, "Honor thy father and thy mother; that thy days may be long in the land which the Lord thy God giveth thee.")

By NEWMAN CAMPBELL

TODAY'S LESSON is very interesting. It starts with one of the old Jewish laws which God gave to Moses on tablets of stone. It is the fifth commandment: "Honor thy father and thy mother." It tells of Jesus' adventure when He was 12 years old and was lost for three days and finally found in the temple. And last it takes us to that sad time when Jesus was crucified and in the agony of that dreadful death remembered His mother and put her in the care of His best-loved disciple.

Most people love their parents, but parents are not always honored and obeyed. Children in the United States are usually referred to as having more freedom and being less obedient than in any other land. Of course this is the parents' fault. They should teach obedience to the rules of the home as well as obedience to the laws of the country. Children who must keep the home rules are much more likely to obey the laws of the land and be good citizens.

The Bible story does not say if Jesus disobeyed His parents in remaining in Jerusalem when they started for home after attending the Feast of the Passover. Probably not, for He did not seem to feel guilty when, after three days of searching, they found Him. He was so deeply interested in the elders of the temple and what they told Him, that He had hardly missed His parents. And when His mother scolded Him, He seemed surprised to think she thought He had done wrong. It was His business, He thought, to learn all He could from these men in the temple, and so He answered His mother, not disrespectfully, but as if she should know that He was only doing His duty. "Wist ye not that I must be about my father's business?" He said.

And His mother must have understood, for she "kept all these sayings in her heart," just as all mothers do with the unusual things their children say.

And then time went on and Jesus grew to manhood and was very well known in all the land. He preached to all manner of peo-

ple and performed miracles and "the common people heard Him gladly." But the priests and those who were in authority did not like Him and His doctrine of loving one another and doing good to those who used them badly, and they schemed to have Him crucified. They thought that would be an end of the queer new religion and the man who was so loved and revered.

And so they crucified Him. And as He was hanging from the cross suffering untold agony. He looked down and there was His mother. Near her was His best-loved disciple. Jesus called to both and said to His mother, "Woman, behold your son!" meaning the disciple. And to His friend He said, "Behold your mother," and the disciple took Jesus' mother to his own home to live and to be cared for.

The Bible has another commandment, and this time it is to parents. After telling children to obey and honor their parents, it tells parents not to provoke their children. In the happy home the children honor the parents, and the parents understand and respect the children, bringing "them up in the nurture and admonition of the Lord."

### JUDGE FINES HIMSELF

SAN JOSE, Cal.—(UP)—Superior Judge E. N. # 1939 FARM CROP PROGRAM LIKE THAT FOR 1938

County Committee Learns More Details About A. A. A. Setup

## ALLOTMENTS ARE STUDIED

Depleting Totals Will Be Known About December 1, Officials Say

Procedure on the establishment of allotments for the 1939 farm program was outlined for county committees at a district meeting held Thursday in Xenia.

Members of the Pickaway county Agriculture Conservation committee, including John Boggs, Circleville, chairman; Wilbur Brinker, Walnut township; Dewey D. Thae, secretary, attended the meeting.

In general the 1939 farm program will be the same as the program this year. Allotments on corn and soil depleting crops will be announced for individual farms about Jan. 1, Mr. Matthes said. These allotments are the amounts the farmers may plant to obtain maximum payments under the program.

The corn and depleting crop allotment totals for the county will be announced about Dec. 1. These totals will be used in establishing the allotments for individual farms.

The total for soil depleting crops in 1938 was 142,368 acres, of which corn was set at 68,699.

## KINGSTON

A very pleasant party was arranged for Mrs. Margaret Paxton on Friday night at the home of L. E. Hill, the occasion being her twenty-fifth birthday. A pot-luck supper was enjoyed at 7:30. Those present were Mr. and Mrs. Merle McAfee and family, Mr. and Mrs. Dan Sherwood and family, Mr. and Mrs. Elmer Dodd and family, Mr. and Mrs. Joe Green and family, Mrs. Ruth Woolever and children, Mrs. Dan Hinton and children, Mrs. Paul Stevens and children, Mrs. Lulu Hall and children, Mrs. Charles Baldager and children, Mrs. Alva Dyer and children, Miss Lois and Junior Hall, Mr. and Mrs. Owen Morris, Mr. and Mrs. Dorah Morris, Misses Viola Alkire, Peggy Vandergriff, Violet Costlow, Ruth Phillips, Beulah Carroll, Ruth Hoffman, Wayne Brundige and Roy Eugene Rhodes. The group presented Mrs. Paxton with a breakfast set. A birthday cake with twenty-five candles was the center of attraction in the dining room, on the table, where the supper was served cafeteria style.

The Philathea Sunday school class of the M. E. church met, on Thursday Oct. 27 at the home of Mrs. Ella Pyle with Mrs. Ida Jones and Mrs. Frank J. Batterson hostesses. The opening song was "Take Time to be Holy", the 51st Psalm was read responsively. After the repeating the Lord's Prayer the minutes of the September meeting were read by Mrs. A. U. Brundige in the absence of the secretary, Mrs. Nellie Wright. The class voted to give two dollars towards the amount to be used for new song books for the Sunday school. The meeting closed with prayer offered by Mrs. Batterson. The next meeting will be held one week earlier on account of Thanksgiving day coming on the last Thursday, which is the regular day for the meeting. The committee served fruit salad, small cakes and coffee. One visitor, Miss Katherine L. Brundige was present.

The next book review will be held in the library at the grade building on Wednesday Nov. 2 at 8 o'clock. Mrs. DePew Head will review the book Benjamin Frank-

### Questions and Answers

Is there any way of removing stains from copper or brass ash trays?

Yes, there is a way of removing the stains from your copper and brass ash receivers. Simply apply a little alcohol with a brush on the stained portions. Rub well and when stains are removed, shine with clean dry cloth.

Do you have a recipe for making a raisin sauce to be used for ham?

Here's our recipe for Raisin Sauce:

- Raisin Sauce**
- 1/2 C. raisins
  - 1 C. water
  - 4 or 5 cloves
  - 1/4 C. sugar
  - 1 tsp. cornstarch
  - 1 Tbsp. butter
  - 1 Tbsp. vinegar
  - Few drops Worcestershire sauce
  - Dash of pepper

Cover the raisins with water, add cloves, and simmer until raisins are tender. Combine dry ingredients, add to the mixture, and stir until slightly thickened. Add remaining ingredients and serve hot over ham.

How can I tell when fudge frosting is cooked enough and when should I start beating it?

Fudge frosting should be cooked to the soft-ball stage, by this I mean, when a few drops of the frosting form a soft ball when tried in cold water. It should be allowed to cool until the hand can be placed on the bottom of the pan with comfort. Then beat until of the right consistency to spread.

Have you ever heard of Stuffed Baked Potatoes with Eggs? I'd like to know the exact oven temperature at which these are baked.

For the benefit of other homemakers who would like this recipe as well as the baking temperature, here is the recipe:

- Stuffed Baked Potatoes With Eggs**
- 6 potatoes
  - Bacon drippings
  - 1/2 to 3/4 C. hot milk
  - 1/4 tsp. salt
  - 1 Tbsp. butter
  - 6 small eggs

Select smooth medium-sized potatoes. Clean with brush. Rub clean potato with drippings. Bake until soft in a 400-degree oven 40 to 50 minutes; or in a 450-degree oven 30 to 40 minutes. Cut the top lengthwise, from the hot potatoes. Remove inside and mash until free from lumps. Add hot milk and seasonings and beat until fluffy. Refill shells, allowing enough space for the egg. Place potato around opening and place egg in center. Bake in a 400-degree oven 15 minutes or until egg is set.

Do you have a tested Sour Cream Gingerbread recipe?

This is our tested recipe for gingerbread made with sour cream:

- Sour Cream Gingerbread**
- 1 C. flour
  - 1/4 tsp. salt
  - 1/4 tsp. sugar
  - 1/2 tsp. soda
  - 1 tsp. ginger
  - 1/4 tsp. ground cloves
  - 1/2 tsp. cinnamon
  - 3/4 C. thick sour cream
  - 3 Tbsp. butter
  - 1/2 C. molasses
  - 1 egg

Mix and sift the flour, salt, sugar, soda, and spices. Heat the sour cream, remove from heat, add butter and stir until melted. Add the molasses and pour into the well-beaten egg gradually, while stirring constantly. Add this mixture to the dry ingredients and stir in quickly. (Mix just enough to make the batter smooth.) Pour into a buttered 8-inch square pan and bake in a moderate oven (350 degrees) for 25 to 30 minutes or until done. Serves six.

# 1939 FARM CROP PROGRAM LIKE THAT FOR 1938

County Committee Learns More Details About A. A. A. Setup

## ALLOTMENTS ARE STUDIED

Depleting Totals Will Be Known About December 1, Officials Say

Procedure on the establishment of allotments for the 1939 farm program was outlined for county committees at a district meeting held Thursday in Xenia.

Members of the Pickaway county Agriculture Conservation committee, including John Boggs, Circleville, chairman; Wilbur Brinkner, Walnut township; Dewey Downs, Darby township; and Paul Thues, secretary, attended the meeting.

In general the 1939 farm program will be the same as the program this year. Allotments on corn and soil depleting crops will be announced for individual farms about Jan. 1, Mr. Mattheas said. These allotments are the amounts the farmers may plant to obtain maximum payments under the program.

The corn and depleting crop allotment totals for the county will be announced about Dec. 1. These totals will be used in establishing the allotments for individual farms.

The total for soil depleting crops in 1938 was 142,368 acres, of which corn was set at 68,699.

## KINGSTON

A very pleasant party was arranged for Mrs. Margaret Paxton on Friday night at the home of L. E. Hill, the occasion being her twenty-fifth birthday. A pot-luck supper was enjoyed at 7:30. Those present were Mr. and Mrs. Merle McAfee and family, Mr. and Mrs. Dan Sherwood and family, Mr. and Mrs. Elmer Dodd and family, Mr. and Mrs. Joe Green and family, Mrs. Ruth Wootler and children, Mrs. Dan Hinton and children, Mrs. Paul Stevens and children, Mrs. Lulu Hall and children, Mrs. Charles Baldager and children, Mrs. Alva Dyer and children, Miss Lois and Junior Hall, Mr. and Mrs. Owen Morris, Mr. and Mrs. Dorah Morris, Misses Viola Alkire, Peggy Vandergriff, Violet Costlow, Ruth Phillips, Beulah Carrol, Ruth Hoffman, Wayne Brundige and Roy Eugene Rhodes. The group presented Mrs. Paxton with a breakfast set. A birthday cake with twenty-five candles was the center of attraction in the dining room, on the table, where the supper was served cafeteria style.

The Philathea Sunday school class of the M. E. church met, on Thursday Oct. 27 at the home of Mrs. Ella Pyle with Mrs. Ida Jones and Mrs. Frank J. Batterson hostesses. The opening song was "Take Time to be Holy", the 51st Psalm was read responsively. After the repeating the Lord's Prayer the minutes of the September meeting were read by Mrs. A. U. Brundige in the absence of the secretary, Mrs. Nellie Wright. The class voted to give two dollars towards the amount to be used for new song books for the Sunday school. The meeting closed with prayer offered by Mrs. Batterson. The next meeting will be held one week earlier on account of Thanksgiving day coming on the last Thursday, which is the regular day for the meeting. The committee served fruit salad, small cakes and coffee. One visitor, Miss Katherine L. Brundige was present.

The next book review will be held in the library at the grade building on Wednesday Nov. 2 at 8 o'clock. Mrs. DePew Head will review the book Benjamin Frank-

### Questions and Answers

Is there any way of removing stains from copper or brass ash trays?

Yes, there is a way of removing the stains from your copper and brass ash receivers. Simply apply a little alcohol with a brush on the stained portions. Rub well and when stains are removed, shine with clean dry cloth.

Do you have a recipe for making a raisin sauce to be used for Kainis Sauce?

Here's our recipe for Raisin Sauce:

**Raisin Sauce**

1/2 C. raisins  
1 C. water  
4 or 5 cloves  
1/4 C. sugar  
1 tsp. cornstarch  
1 Tbsp. butter  
1 Tbsp. vinegar  
Few drops Worcestershire sauce  
Dash of pepper

Cover the raisins with water, add cloves, and simmer until raisins are tender. Combine dry ingredients, add to the mixture, and stir until slightly thickened. Add remaining ingredients and serve hot over ham.

How can I tell when fudge frosting is cooked enough and when should I start beating it?

Fudge frosting should be cooked to the soft-ball stage, by this I mean, when a few drops of the frosting form a soft ball when tried in cold water. It should be allowed to cool until the hand can be placed on the bottom of the pan with comfort. Then beat until of the right consistency to spread.

Have you ever heard of Stuffed Baked Potatoes with Eggs? I'd like to know the exact oven temperature at which these are baked.

For the benefit of other home-makers who would like this recipe as well as the baking temperature, here is the recipe:

### Stuffed Baked Potatoes With Eggs

6 potatoes  
Bacon drippings  
1/2 to 3/4 C. hot milk  
1/4 tsp. salt  
1 Tbsp. butter  
6 small eggs

Select smooth medium-sized potatoes. Clean with brush. Rub cleaned potato with drippings. Bake until soft in a 400-degree oven 40 to 50 minutes; or in a 450-degree oven 30 to 40 minutes. Cut the top lengthwise, from the hot potatoes. Remove inside and mash until free from lumps. Add hot milk and seasonings and beat until fluffy. Refill shells, allowing enough space for the egg. Pile potato around opening and place egg in center. Bake in a 400-degree oven 15 minutes or until egg is set.

Do you have a tested Sour Cream Gingerbread recipe?

This is our tested recipe for gingerbread made with sour cream:

**Sour Cream Gingerbread**

1 C. flour  
1/4 tsp. salt  
1/4 tsp. sugar  
1/2 tsp. soda  
1 tsp. ginger  
1/4 tsp. ground cloves  
1/2 tsp. cinnamon  
3/4 C. thick sour cream  
3 Tbsp. butter  
1/2 C. molasses  
1 egg

Mix and sift the flour, salt, sugar, soda, and spices. Heat the sour cream, remove from heat, add butter and stir until melted. Add the molasses and pour into the well-beaten egg gradually, while stirring constantly. Add this mixture to the dry ingredients and stir in quickly. (Mix just enough to make the batter smooth.) Pour into a buttered 8-inch square pan and bake in a moderate oven (350 degrees) for 25 to 30 minutes or until done. Serves six.

**OPEN LETTERS**  
**TO CITY OFFICIALS**  
**EXECUTIVES:** The warning voiced by city council at its meeting this week that the city's finances are in a dangerous state of affairs should mean that you should get busy to cut down on every expenditure that is not absolutely necessary. The suggestion voiced by President John C. Goeller that council and all other city officials get together for a general discussion of the problem is a good one and something should be done about it at once. A delay might be costly and dangerous. Much money has been spent for street and road repairs and much more work is to be done. Very little improvement has been completed in the northend although Pickaway street is now a much better thoroughfare. Where money will come from for various payrolls and other expenses is puzzling to officials. Suggestions from townspeople would certainly be appreciated.  
CIRCUITEER.

**TO SPORTSMEN**  
**HUNTERS:** The hunting season is just around the corner. Many of you have your guns oiled and shells ready and are giving your dogs some final trials before the opening day. Have you read the conservation laws? Many hunters have paid fines recently for failure to comply with conservation regulations. Some have failed to wear the license tags on their backs, have tried hunting out of season and committed other violations. Game laws are strictly enforced in Pickaway county. Acquaint yourself with these regulations. If you are uncertain about any regulation ask a conservation officer. Obey the law and you will have no difficulty. Be careful in handling that gun.  
CIRCUITEER.

**TO DOG LOVERS**  
**FRIENDS:** Annual Fall field trials of the Pickaway County Bird Dog club will be held Saturday and Sunday near Yellowbud. If you enjoy watching fine hunting dogs work, see these trials. There will be large entry lists for the events. The trials are a real treat for sportsmen.  
CIRCUITEER.

**TO EDUCATORS**  
**FRIENDS:** Let's all strive to keep the schools of Circleville and Pickaway county from the same fate that those in

Dayton are suffering because of lack of funds with which to operate. The Pickaway county system enjoys a splendid reputation for economy; few unnecessary expenditures are ever made, so all the schools are able to move along as usual even though the state foundation program financial structure is not all that it was expected to be. Circleville schools will be able to operate for a long while regardless of how much aid is forthcoming from the state. Please, teachers and board of education members, do everything in your power to keep our schools open.  
CIRCUITEER.

**TO LAWRENCE WRIGHT**  
**DEAR SIR:** Congratulations for winning the title of 'Ohio's shock corn husking champion. Pickaway counties are proud of their sons who have taken top honors in state corn husking competitions. Your winning the state championship should convince farm leaders of the importance of holding a county corn husking contest in future years. This year early announcements were that there would be no county contest. Then a few contestants participated in a quiet event in Pickaway township shortly before the state test. If Pickaway county produces state champions it should certainly stage a suitable county event.  
CIRCUITEER.

**TO POLICE OFFICIALS**  
**GENTLEMEN:** Warnings issued by city officials previous to Halloween had little effect on the extent of the celebration conducted by young folk in Circleville. The celebration this year was the worst in many years from the standpoint of property damage. Next year your drive should be directed against the young men who celebrate. Little children are not responsible for gates being torn from their hinges, heavy shutters being moved several blocks and porch and yard equipment being damaged. It would be well to set an age limit next year on celebrators, rounding up the gangs of young men who seem to have no fear of the laws for destruction of property.  
CIRCUITEER.

**TO WELFARE ORGANIZATIONS**  
**MEMBERS:** The suggestion made at a meeting of the Benevolent association this week that Circleville have a community chest in future years deserves sincere consideration. Establishment of a community chest would stop the numerous solicitations made on residents by the various groups. It would provide budgets on which the various agencies could operate. There are many questions of importance surrounding such a move, so careful consideration is necessary.  
CIRCUITEER.

**TO RESIDENTS**  
**FOLK:** Next week is election. Take advantage of your right to vote. Do your part to elect the candidates who will best serve the interests of Circleville and Pickaway county. Although there has been little interest shown in the coming election from a local standpoint, that is no reason for voters to fail to go to the polls. The issues involved are of importance to everyone.  
CIRCUITEER.

**World At A Glance**  
—By— Charles P. Stewart  
Diplomatic relations between Washington and Berlin are beginning to verge on the rather unpleasant. There is no definite friction or any prospect of it in the immediate future. Nevertheless Germany is perfectly aware that Uncle Sam's Administration is not overly friendly to Nazi-ism, and our own government is equally aware that the Nazis reciprocate its tacit dislike of their system. Italian Fascism also doubtless is looked on somewhat askance by the State Department. However, Signor Mussolini never has been quite so crass as Herr Hitler. Japan, the third of the world's totalitarian powers, has been tolerably civil in its relationships with the United States. True, we sympathize with China and the Mikado unquestionably knows it. And there have been some little "incidents" between us in connection with Nippon's activities on the Asiatic mainland and its rivers. All the same, Washington and Tokio mutually have presented the amenities.  
RUSSIA FRIENDLIEST  
Among the dictatorships I think Russia is the country toward which our officialdom entertains the kindest feelings. Even that isn't so very kindly either, but it's notorious that Germany and Rus-

sia are hostile to one another, and, of the two, at present we most dislike Germany.  
There is evident a sentiment in our foreign office to the effect that Britain and France have "dumped" democracy; but that's a feeling of sorrow, not of anger. Of course this country is scandalized by Nazi treatment of the German Jews and Catholics, and by Hitlerism's domestic methods generally.  
But all that's not our business. It's when Nazi-ism tries to set up its organization in our own midst that it becomes irritating. The movement may not have been inspired from overseas, but there's a suspicion of it.  
There has been, too this German spy trial in New York. It's been ridiculous—with its revelations of amateurishness and of \$50 monthly salaries to espionage agents—but it has succeeded in "sidewiping" German Ambassador Dieckhoff, in Washington. It's reported that he shortly is to go home in consequence. That's quite a major development.  
Then, there was the case of our late ambassador to Berlin, William E. Dodd. After a short stay in the German capital he was so disgusted with Nazi-ism that he resigned, returned to the U.S.A., and ever since has been "panning" Hitler unmercifully.

**DIET AND HEALTH**  
**Kidney "Workers" Have Complex Job**  
By LOGAN CLENDENING, M. D.  
THE KIDNEYS have a very rich blood supply. Every drop of blood in the body passes through them every few minutes. It has been estimated that 600 quarts of blood a day pass through them (some say 1000 to 1500 quarts). There is a total of six quarts of blood in the body, so even at the lowest estimate all the blood goes through the kidneys 100 times a day.  
This blood carries with it all the poisons and by-products of the body's activity and the kidney removes a number of these. It does so largely in little tufts of blood vessels that branch out from the kidney arteries like bunches of grapes on the vine. These tufts are called glomeruli.  
The glomeruli are coiled in order to expose as much surface area as possible to the blood, just as a radiator is coiled so as to expose as much heating surface in a small space. It has been estimated that there are 4,500,000 glomeruli in each kidney, and that if their surface area were spread out, it would be equivalent to 67 square feet, the surface area of a small room. We must consider then that the blood spreads out in a thin film, 67 feet square, over a surface especially designed to remove certain substances from it. To facilitate this, the blood moves very slowly in the kidney glomeruli, at the rate of about 18 inches an hour.  
**Each Has Tubule**  
From each glomerulus a fine tubule extends, coils on itself and finally empties into the pelvis of the kidney, whence the urine flows down the ureters into the bladder. These tubules also have a function in body excretion, and they, too, are coiled in order to obtain the maximum surface in the minimum space. It has been estimated that if the kidney tubules were all stretched out they would form a channel 280 miles long. And all this in the space of organs about the size of your two closed fists.  
The glomerulus and kidney tubule form a unit, as we have said, for the removal of certain waste products from the blood, and these flow off in the form of urine.  
**Like Factory Track**  
If we could use our imagination again, we might conceive of this long tubule as being like a track, such as you see in a motor factory, with busy workers on each side, each doing his bit to build up, not an automobile this time, but a complete drop of urine. The workers are the kidney cells, each trained to do his special job.  
The cells in the glomerulus remove water, and also the waste products of nitrogen metabolism—urea, uric acid, creatinine, creatin, etc. But the glomerular cells are over-busy and remove useful substances also—sugar, salts and amino-acids—and some of the workers down below in the tubules have to correct this and put back water and the food products into the blood stream.  
What happens when these workers become sick and the mechanism goes wild, we will discuss tomorrow.

**NOBODY IS PERFECT**  
ON SOME DEALS all four players "pull boners." Roth members of the strong side may make bids which are not quite the soundest available, thus landing them in the wrong contract. Then the weak side may get busy and botch up the defense, so that the wrong contract proves just as good as the right one.

**ROMANCE INC.**  
BY OREN ARNOLD  
WRITTEN FOR AND RELEASED BY CENTRAL PRESS ASSOCIATION  
  
The two men stared at each other for a long moment.

**READ THIS FIRST:**  
Sara Sue Davis, attractive young widow, creates a furore on the campus of Rice Institute, in Texas, when she erects a sign in front of her cottage announcing "COUNSEL IN ROMANCE". Her plan is to help guide 100 student "members" in their social and love affairs for a small fee. Bob Towne, campus football hero, attracted by Sara Sue, is the first to enroll. This enrages Peaches Pomeroy, a senior, who regarded herself as Bob's girl the previous year. Worthington Gurley, unprepossessing freshman, provides another interesting problem for Sara Sue. But the climax in her Cottage Plan occurs when Dr. Thornton Holgate, new member of the faculty, begs Sara Sue to help him. Then confides he has fallen in love with Peaches Pomeroy. Gurley states a date with Sara Sue for the freshman ball, which displeases Towne; but Bob accepts it gracefully. Sara Sue finds her affairs growing complicated, but feels much better after confiding her troubles to a close friend, Roxey Powell. At a meeting of the college faculty, it is evident that Sara Sue Davis, Inc., is playing a prominent part in campus life. Dr. Holgate receives his first lessons in "how to become more human", and begins to mix with some of the students at Sara Sue's house.  
(NOW GO ON WITH THE STORY)  
**CHAPTER 12**  
SARA SUE DAVIS, however, had not been asleep.  
"No no, my dear," she interrupted at once. "Thorny Holgate asked me 10 minutes ago to be the next dance. You can't cheat me out of it."  
She smiled at the girl, and the girl drifted away, smiling in return. This was all informal. Nobody cared what happened.  
"Just walk, slow short steps," Sara Sue whispered in Thornton's ear. "Don't look down. And smile, even if it kills you!"  
She hummed gaily herself, wise-cracked at one of the other boys, clung closely to Thornton as if she were enjoying her dance immensely. Actually she was guiding his stiff form, and stepping fast to avoid tripping. Nobody noticed feet in an impromptu dance like that, however.  
In a minute or so she had him at least walking in rhythm with the music. She kept him crowded in with the others, maintained constant chatter and laughing, covered up his embarrassment and confusion. Then all at once the music stopped.  
"Thank you for it," whispered Sara Sue, unobserved.  
"I—I—thank you, madam," said Dr. Holgate, bowing, formally, red as a tomato.  
"Oh, at it again!" she was still acting. "He's been teasing me for two days, calling me madam. Can I help being an old decrepit widow?"  
The others all laughed with her, and so did not see Thornton's expression of surprise and confusion. She grabbed him by the arm as the others drifted to chairs. "Come in the office a minute, Thorny; I have those books I promised to show you."  
Sheep-like, he followed her in. He was so grateful to hear the door close behind him that he sat down, trembling slightly. Sara Sue felt a sudden deep sympathy for him.  
"Wonderful!" she lied, like a lady. "You're doing fine, Dr. Holgate. You are learning to mix with people. That's what you need, if you are going to run around with Geraldine Pomeroy. Peaches goes places, you know. Now you hustle right down and get at the dance lessons—you have a very good natural rhythm, by the way—and drop in here as often as you possibly can."  
"Oh! Oh, I shall be eternally grateful, my dear Mrs. Davis. I shall—"  
"My name, hereafter, is Sara Sue! Never call any woman madam, Thorny. Especially any young woman."  
"But—"  
"No buts! I'm the teacher here, now. You teach in the Rice mathematics halls, but I'm running the romance department, sir!" She smiled engagingly at him. "Now tell me, didn't you enjoy yourself just a little teeny bit today?"  
"Yes! Yes, indeed. Oh, gracious!"  
She stared intently at him for a moment, analyzing him, a sparkle in her eyes. Finally she spoke again.  
"Thorny, did you ever say—damn?"  
"I beg pardon?"  
"Listen, Thorny. You are a nice man, really. You are educated. You have traveled some. But you act like a sissy. I mean it—a sissy!"  
Dinner in the dormitories could hardly have been over before Bob Towne came in, munching an apple. He was beaming as usual, full of talk about the afternoon's football practice. He had just 10 minutes to stay, he declared, because coach wanted them back for skull

Fashion and utility go hand in

hand these days. Even luxury garments seek to justify their existence by being serviceable as well as beautiful. To prove our point, we offer as exhibit A this picture of an evening ensemble with a trick wrap. Gloria Holden models this costume, which has a beautifully-cut dress of white and silver lame, done on Grecian lines with draped bodice and skirt. Over this is worn a two-piece wrap of dark blue faille. The top is a short jacket, and buttoned over the under-skirt is a full, circular flared skirt with high waistband and self-covered buttons. The lower half can be checked and the jacket retained when dining out.

Women's club will meet Thursday evening at 6 o'clock at the Franklin Inn for a dinner meeting.

The business hour and program will follow at the club room in E. Main street.

Methodist Church Women  
In Regular Session

75 Present For  
Luncheon At  
Noon Hour

Church Day was observed by the women's organizations of the Methodist Episcopal church, Thursday.

Mrs. W. T. Ulm, first vice president of the Women's Foreign Missionary society, was in the chair for the session of the Women's Foreign Missionary society which opened at 10 o'clock. "His Kingdom is Love" was the subject of the devotional service conducted by Mrs. F. E. Barnhill.

Mrs. G. H. Adkins reviewed the Refresher Study on India, the discussion being based on Hinduism. Miss Carrie Johnson played two piano numbers, "The Swan" and "The Londonderry Air". Following this Mrs. Ulm reviewed the chapter, "Untouchables" from the study book, "Moving Millions". This chapter was written by Bishop Pickett of the Methodist church of India.

A poem, "The Contrast Between Darkness and Light", was read by Mrs. G. H. Pontius. Miss Anna Kirkwood, stewardship secretary, discussed the value of personality. The following new members were received: Mrs. Raymond Rader, Mrs. A. V. Osborn and Miss Elta Reichelderfer.

Under the leadership of Mrs. Stanley Glick, lunch was served at noon to 75 by members of the first division of the Ladies' Aid society of the church.

The business session of the Aid society which convened at 1 o'clock was led by Mrs. G. H. Adkins, president. Reports were received of the meals served during the Pumpkin Show and of the successful Anagram party entertained by the first division at the home of Mrs. Glick, Nov. 1. Plans were discussed for a food market to be held the latter part of November by Mrs. Glick's division, which will complete its work by the first of December.

The Women's Home Missionary society, with Mrs. F. E. Barnhill presiding, opened its meeting at 1:30 o'clock. The devotionals were in charge of Mrs. George Pontius, the theme, "Leadership".

Mrs. C. F. Bowman and Mrs. C. C. Watts gave reports of the District meeting held in Lancaster, Tuesday.

Mrs. Wilbur Funk was welcomed as a new member.

It was announced that the annual public Thankoffering service will be held Sunday morning, Nov. 20, with the Rev. C. F. Bowman giving the address.

Mrs. Watts was program leader and presented first, Mrs. Leon Van Vleet and Mrs. Fred Grant, in a piano duet, "Ojos", Ciriollos. Mrs. Grant also played a piano solo, "Valse".

The second chapter of the study book, "Problems City People Meet", was splendidly reviewed by Mrs. Bowman. Miss Estelle Grimes told of activities at Navajo Indian Mission school of Farmington, N. M.

"Unification" was discussed by Mrs. Watts as the closing number of the program.

U. B. Missionary Society Meets

Mrs. Nannie Beery of E. Mound street entertained the November session of the Women's Missionary society of the United Brethren church at her home, Thursday evening.

Mrs. James Trimmer presided at the short business session. The leader for the evening, Miss Nelle McCollister, directed the program which was based on the topic,

The Business and Professional

Fashion and Utility

Fashion and utility go hand in

hand these days. Even luxury garments seek to justify their existence by being serviceable as well as beautiful. To prove our point, we offer as exhibit A this picture of an evening ensemble with a trick wrap. Gloria Holden models this costume, which has a beautiful-cut dress of white and silver lame, done on Grecian lines with draped bodice and skirt. Over this is worn a two-piece wrap of dark blue faille. The top is a short jacket, and buttoned over the underskirt is a full, circular flared skirt with high waistband and self-covered buttons. The lower half can be checked and the jacket retained when dining out.

Women's club will meet Thursday evening at 6 o'clock at the Franklin Inn for a dinner meeting.

## TIMBER, VALUED AT THOUSANDS, LOST IN FLAMES

Many Families Leave Homes As Damage Spreads Through Midwest

(Continued from Page One)

If we have minor fires in every county."

He said 30 fires are raging in the Harlan county region. Rangers and volunteers have put out 97 fires since Oct. 17. The first fire in the current series started a few days ago in Wise county, Va., and spread across the state line into Harlan county.

### Farm Homes Damaged

Leonard said no communities were in danger in his area but that several farm homes may have been damaged, if not destroyed. Nearly 1,000 W. P. A. workers and farmers were fighting a series of forest and prairie fires in the Wayne and Hamilton counties in Illinois.

State Fire Warden John Henson said a fire near Belle Prairie in Hamilton county already had destroyed four square miles of timber and was spreading rapidly through brush toward 30,000 acres of timber nearby. The flames have destroyed many acres of crops, he said.

Firemen were hampered by lack of water, since only small streams flow through the area.

"The brush is virtually a tinder-box," Henson said. "We haven't had any rain here in many days."

liquor store employees, both political appointees and civil service workers, to refrain from participation in the campaign. He said violators would be "severely dealt with."

Cook was named just this week to succeed Clarence Burk who resigned without notice to aid the Sawyer campaign.

Meanwhile at New Philadelphia, Highway Division Engineer Harry Sharp, one of those said to have given affidavits that Governor Davey instructed them not to work for Sawyer, announced that he had been dismissed by Highway Director John J. Jaster on orders from the governor.

He gave as the reason for his dismissal a refusal to discharge 124 employees of division No. 11. At the highway offices in Columbus, Sharp's statement could not be confirmed immediately.

"I've been a Democrat 38 years and am too old to change now," Sharp commented.

Former Gov. James M. Cox, of Dayton, making his first public appearance of the Fall campaign in support of Sawyer, told a Democratic rally that the major issue of the election "is a genuinely clean administration of our executive affairs."

He said operation of the state's business should be entrusted to a man of high purpose, intellectual honesty, and courage and one conscious of the urgent need of lifting the liquor and highway departments above gutter politics.

Cox said there have been few governors to enter the state house as "free from alliances with potential embarrassments" as Sawyer would be if elected.

Bricker in a Cleveland speech declared that affidavits by highway engineers used by Sawyer to prove that Bricker and the governor had negotiated a patronage "deal" were merely "job insurance."

## RAILROAD CAR LOADINGS SOAR TO HIGH MARK

WASHINGTON, Nov. 4—(UP)—The Association of American Railroads reported today that freight car loadings during the week ended Oct. 29 totalled 708,840 cars, an increase of 3,212 cars or one-half of one percent above the preceding week.

The figure was 7.7 percent below the corresponding week last year and 26.1 percent below the same week in 1930.

Miscellaneous freight loadings totalled 284,765 cars, an increase of 578 cars above the preceding week, but a decrease of 25,701 cars below the corresponding 1937 week. The association said loadings of grain and grain products increased to 46,906 cars, 410 above the preceding week, and an increase of 2,839 cars above the corresponding week in 1937.

Coke loadings increased, but decreases were recorded in loadings of livestock, forest products and ore.

## THREE MEN ROB SUBURBAN BANK AS GUNS' POINT

COLUMBUS, Nov. 4—(UP)—Three men held up the Grandview Heights suburban branch of the Ohio National bank here today and escaped with between \$2,000 and \$3,000.

Four employees and eight customers of the bank were held off with automatic pistols held by two of the three bandits. They were forced to lie on the floor behind the teller's cage.

The bandits were described as between 30 and 35 years of age.

## SIMKINS TO TAKE PART IN DINNER FOR ACTOR

Richard Simkins, Circleville attorney, and Hoyt B. Graham, Clarkburg, will go to Columbus, Monday evening to attend a dinner at the Athletic club honoring Paul Parks, of New York City, who plays a leading role in the play "I'd Rather Be Right," opening next week at the Hartman Theatre.

Mr. Parks is a native of Nelsonville and is known to many Circleville residents. He was Mr. Simkins' roommate for four years and his fraternity brother at Ohio Wesleyan university. Mr. Graham is a member of the same fraternity. The dinner will be attended by Mr. Parks' fraternity brothers.

Mr. Parks has visited in Circleville on numerous occasions. His brother, Ralph Parks, resides in Nelsonville and on several occasions has sung in the Circleville Methodist church.

## BRIDEGROOM FAINTS TWICE DURING WEDDING SERVICE

WASHINGTON, Nov. 4—(UP)—A faint heart never was given credit for winning a fair lady, but Philip Gilbert, 24, claims that it didn't bother him. He fainted twice during his wedding yesterday.

The first time he fainted was while enroute to the altar—as the organist began the traditional wedding march.

Revived, he withstood the excitement of the ceremony until it was time for him to say those most important words: "I do." Then he fainted again.

outside. Three of the crew told Warren that a deafening blast tore open the starboard side of the engine room.

Four men were injured, but none seriously. As water poured into the ship, crippling her and putting her pumps out of order, the injured were helped to the deck where passengers had been knocked off their feet. The blast threw a column of water as high as the superstructure, witnesses said.

Salvage crews built a copper dam about the hole, which was seven feet below the water line. Tugs drew alongside and began pumping water out of the hull to refloat the Vancouver.

The Vancouver was built in 1930 at Bremen, her home port. She was 477 feet long. She had arrived from northwest ports with a lumber cargo, had taken on a cargo of California perishables and supplies, and was to pick up 14 passengers at the San Francisco dock.

He said 30 fires are raging in the Harlan county region. Rangers and volunteers have put out 97 fires since Oct. 17. The first fire in the current series started a few days ago in Wise county, Va., and spread across the state line into Harlan county.

**Farm Homes Damaged**

Leonard said no communities were in danger in his area but that several farm homes may have been damaged, if not destroyed.

Nearly 1,000 W. P. A. workers and farmers were fighting a series of forest and prairie fires in the Wayne and Hamilton counties in Illinois.

State Fire Warden John Henson said a fire near Belle Prairie in Hamilton county already had destroyed four square miles of timber and was spreading rapidly through brush toward 30,000 acres of timber nearby. The flames have destroyed many acres of crops, he said.

Firemen were hampered by lack of water, since only small streams flow through the area.

"The brush is virtually a tinderbox," Henson said. "We haven't had any rain here in many days."

liquor store employees, both political appointees and civil service workers, to refrain from participation in the campaign. He said violators would be "severely dealt with."

Cook was named just this week to succeed Clarence Burk who resigned without notice to aid the Sawyer campaign.

Meanwhile at New Philadelphia, Highway Division Engineer Harry Sharp, one of those said to have given affidavits that Governor Davey instructed them not to work for Sawyer, announced that he had been dismissed by Highway Director John J. Jaster on orders from the governor.

He gave as the reason for his dismissal a refusal to discharge 124 employees of division No. 11. At the highway offices in Columbus, Sharp's statement could not be confirmed immediately.

"I've been a Democrat 38 years and am too old to change now," Sharp commented.

Former Gov. James M. Cox, of Dayton, making his first public appearance of the Fall campaign in support of Sawyer, told a Democratic rally that the major issue of the election "is a genuinely clean administration of our executive affairs."

He said operation of the state's business should be entrusted to a man of high purpose, intellectual honesty, and courage and one conscious of the urgent need of lifting the liquor and highway departments above gutter politics.

Cox said there have been few governors to enter the state house as "free from alliances with potential embarrassments" as Sawyer would be if elected.

Bricker in a Cleveland speech declared that affidavits by highway engineers used by Sawyer to prove that Bricker and the governor had negotiated a patronage "deal" were merely "job insurance."

## RAILROAD CAR LOADINGS SOAR TO HIGH MARK

WASHINGTON, Nov. 4—(UP)—The Association of American Railroads reported today that freight car loadings during the week ended Oct. 29 totaled 708,840 cars, an increase of 3,212 cars or one-half of one percent above the preceding week.

The figure was 7.7 percent below the corresponding week last year and 26.1 percent below the same week in 1930.

Miscellaneous freight loadings totaled 284,765 cars, an increase of 578 cars above the preceding week, but a decrease of 25,701 cars below the corresponding 1937 week. The association said loadings of grain and grain products increased to 46,906 cars, 410 above the preceding week, and an increase of 2,839 cars above the corresponding week in 1937.

Coke loadings increased, but decreases were recorded in loadings of livestock, forest products and ore.

Tiger Coach Roy Black was  
looking over his available mater-  
ial Friday in an effort to find  
enough experienced boys to mold  
together a starting backfield to go  
against Grove City in the season's  
finale next Friday night. Paul  
Walters, quarterback, and Harold  
Smith, fullback, were hurt so se-  
verely in the Washington C. H.  
game Thursday evening that they  
are through for the season. Wal-  
ters has a broken nose and broken  
left thumb and Smith a torn knee,  
the extent of the injury not being  
fully determined.

The score of the game was 26  
to 7, Washington C. H. scoring all  
its points in the first half, two  
of the touchdowns coming on  
breaks, and Circleville getting its  
one touchdown in the final per-  
iod after a 42 yard run by Bob  
Liston put the ball in position for  
Johnny Noggle to crash over the  
line.

The story of the first half is  
contained in the fact that Wash-  
ington C. H. found the Tiger  
tackles easy and was content to  
smash at them, over them and  
around them for numerous gains,  
Merritt, dashing and hard-driving  
quarterback, making nearly all the  
gains. Coach Black used every  
tackle he had available but was  
not able to find a pair that would  
smash hard enough to stem the  
tide.

Double Reverse Scores

The initial Blue Lion touchdown  
was counted in the first period by  
Merritt on a double reverse that  
completely surprised the left side  
of the Tiger line. The count was  
fourth down with seven to go, the  
ball resting on the 10 yard line  
when Merritt took the leather on  
the reverse and crossed the line  
standing up. Reno's placement was  
perfect.

The second touchdown  
was counted early in the second period  
when Stibelton's punt from the  
19 yard line was blocked by Mc-  
Coy, Washington end. The ball end  
chased the ball across the goal line  
and fell on to the touchdown.  
Merritt sped around Circleville's  
left end again for the point.

The third touchdown was really  
earned, the Blue Lions starting the  
ball from their own 22 and march-  
ing straight down the field. Spet-  
nagle going through the middle of  
the line from the 12 yard mark  
for the touchdown. Merritt was  
smeared in his run trying for the  
extra point.

The fourth touchdown came on  
another break, McKinney inter-  
cepting Harold Smith's pass on the  
Washington 30 and running the  
remainder of the way, behind good  
blocking. Smith had the runner on  
about the 40 yard line but was the  
victim of a nasty swinging stiff-  
arm when he tried to tackle too  
high.

Both teams substituted freely  
during the remainder of the half,  
but both were back in full force  
as the third period began. Numer-  
ous replacements were made early  
in the session, however. Coach  
Steve Shay of Washington kept  
Merritt on the bench during most  
of the last half although he was  
in much of the final period.

Liston Starts Drive

The Tiger touchdown came in  
the final session after Bob Liston  
covered a Washington fumble on  
the Circleville 45. Noggle picked  
up four and Liston got three at the  
line before he circled the Wash-  
ington C. H. right end to the six  
yard line where he was smeared.  
Noggle made four and Liston put  
it on the half yard stripe. Both  
sides were offside on the next  
play, but the Tigers were not to  
be denied, Noggle smacking over  
the center. Harold Smith scored  
the extra point when he took the  
ball from center, dropped it, picked  
it up and ran around his left end.  
Another Tiger touchdown-in-the-  
making was taken away on the  
next kickoff. Smith had booted the

Records Of Big Ten Teams  
Similar; Passing To  
Play Big Role

COLUMBUS, Nov. 4.—Purdue's  
Boilermaker football machine pos-  
sessing a liberal sprinkling of  
speed and power and Ohio State,  
undefeated in Western Conference  
competition, tangle in a crucial Big  
Ten tilt at Ohio Stadium, Satur-  
day, with the Bucks' 1938 title  
hopes changing in the balance.

It will be the seventh meeting  
of the two schools and Purdue  
stands an excellent chance of blot-  
ting out the past record with a  
vengeance. Six times have the  
Bucks and Boilermakers met and  
six times Ohio State has been the  
victor. Add to this the fact that  
Purdue has never scored on an  
Ohio State team and it is easily  
seen that the Boilermakers are an-  
xious to put a halt to their impo-  
tence in scoring on the Bucks.

Each team has a curiously par-  
allel record this year in several  
respects. Each has lost one game  
by seven points and each has had  
a scoreless tie in the conference.  
However, Purdue's single loss was  
to a Big Ten foe—Minnesota—  
while Ohio's single defeat came at  
the hands of Southern California.

Passing Drills Featured

Coach Francis A. Schmidt has  
been putting his squad through in-  
tensive passing drills in an effort  
to smooth out that department of  
offense. Against New York univer-  
sity last Saturday, the Bucks,  
while winning easily, found their  
best weapon was an aerial attack  
and will probably do plenty of  
tossing against the Boilermakers.

Saturday's contest will mark the  
annual Dad's Day celebration. Be-  
tween the halves the fathers of  
Ohio State's football squad mem-  
bers will be introduced and identi-  
fied by wearing a number similar  
to that worn by their respective  
sons. Purdue's marching band  
will appear as will that of Ohio  
State. Fans in Ohio Stadium have  
come to anticipate with zest the  
performance of the famous Ohio  
State band which gave such a  
memorable show in New York last  
week end.

Excepting for several minor in-  
juries the Bucks are in good shape  
physically and Schmidt will pre-  
sent full strength against Purdue.

Momentarily at the top of the  
conference heap, along with North-  
western, the Ohio State gridders  
are ready to expend their best ef-  
forts to keep their title hopes  
alive.

Fordham-St. Mary, West  
Coast Contests Attract

NEW YORK, Nov. 4.—(UP)—A heavy intersectional schedule head-  
lined by the Fordham-St. Mary's game at New York challenged a  
pair of neighborhood brawls today for attention on the national foot-  
ball program.

Undoubtedly, the California-Southern California and the Pitt-Car-  
negie Tech tilts will be more closely watched than any in the country  
because Pittsburgh's Panthers have their sights trained on the  
mythical national title, and the other game should determine the  
western Rose Bowl team.

Ordinarily, Pitt should beat the Skibos by three or four touch-  
downs, but the Panthers got a good going over before they finally  
beat Fordham in the final period.

last week, and if they should hap-  
pen to suffer a letdown, Tech may  
provide grid fans with the season's  
biggest upset.

Trojans Have Chance

The all-California affair is  
the one that really has the pig-  
skin experts guessing. Southern  
California has come along sensa-  
tionally since losing the season  
opener to Alabama. The Trojans  
have shown enough power in roll-  
ing over Oregon State, Washing-  
ton State, Stanford and Oregon to  
upset the undefeated Golden Bears.  
This game virtually will decide the  
Pacific coast conference title, so  
it looks like the winner will be  
representing the West in the  
tournament of Roses festival at  
Pasadena on New Year's day.

It will be the eighth annual  
meeting between Fordham and St.  
Mary's and the game is fast be-  
coming one of New York's  
"classics." To make it more inter-  
esting, the two clubs are tied, each  
having won three while one game  
ended in a tie. Both have been de-  
feated once, and each by the out-  
standing eleven of their sectors.

Result of this intersectional  
game will have an important bearing  
on selection of the Sugar Bowl visitor  
at New Orleans. Santa Clara,  
still undefeated and untied, was in-  
vited to the New Orleans extravagan-  
za last year. If the Broncos  
maintain a perfect record, they  
probably will be asked again. But  
—they still have to get by St.  
Mary's a week from Sunday. If  
the Gaels can beat Fordham and  
Santa Clara, they probably will get  
the bid. And, if Fordham should  
beat St. Mary's, and St. Mary's de-  
feat Santa Clara, the Rams are a  
cinch to be invited. It is under-  
stood that all three schools have  
been sounded out on their willing-  
ness to participate, if—

Next best on the intersectional  
list sends Notre Dame's "greatest  
team since Rockne" against Navy  
at Baltimore. The Ramblers  
should win by two touchdowns, but  
they are always in for a battle  
when they play one of Uncle Sam's  
service schools.

A modern perfumer has named

Duchess of York besides the pre-  
sent Queen Elizabeth ever to have  
reigned as queen of England—  
Mary Modena, beautiful but ill-  
starred wife of James I.

TAYLOR UNABLE  
TO CHANGE PLAN  
FOR LOUIS BOUT

PHILADELPHIA, Nov. 4 —  
(UP)—Promoter Herman (Mug-  
sy) Taylor, who aspired to succeed  
Mike Jacobs as the fuchrer of  
American boxing, shouted "double  
cross" today and asserted that  
John Henry Lewis' manager bit  
the hand that fed him in signing  
the Pittsburgh man for a title  
fight Jan. 27 with Joe Louis.

Taylor returned home yesterday  
after vainly attempting to per-  
suade Gus Greenlee, Lewis' pilot,  
not to sign for a bout at Madison  
Square Garden with the heavy-  
weight champion, and said he vir-  
tually had saved Lewis and Green-  
lee from starvation since cancella-  
tion of the Lewis-Tony Galento  
fight.

The Philadelphia impresario said  
he had a "gentlemen's agreement"  
with Greenlee for Lewis' services  
and had advanced \$4,300 to the  
light heavyweight champion and  
his manager since their Philadel-  
phia bout with Galento was can-  
celled last Summer.

Taylor immediately laid new  
plans for future heavyweight at-  
tractions here to follow the sched-  
uled fight at Convention hall Nov.  
14 between Galento and Harry  
Thomas of Chicago. He said he  
would offer Anil Hoffman a \$50,-  
000 guarantee to bring Max Baer,

SOPHOMORES WATCHED

NEW YORK, Nov. 4.—(UP)—  
Coach Slip Madigan put his St.  
Mary's football team through a  
final sharpening drill today before  
meeting Fordham tomorrow. The  
loss of one game by each club  
failed to dull the rivalry between  
these Catholic institutions. They  
have played seven games, each  
having won three and one ending  
in a tie. Much is expected from  
the teams' widely publicized sopho-  
more backfield stars—Len Esh-  
mont of Fordham and Mike Kio-  
tovich of St. Mary's.

GATES, EASTERN  
GRID STAR, GONE  
FROM CULT FARM

AMHERST, N. H., Nov. 4—  
(UP)—Harrington (Heavenly)  
Gates, Dartmouth university foot-  
ball star, was reported missing  
today from the "Holy Ghost and  
Us Society" farm, where he went  
into seclusion to avoid the pro-  
fanity of his teammates.

State police guarded the turkey  
farm headquarters of the religious  
society near here, because they  
believed Gates was still there, but  
Mrs. Joseph Holland, manager of  
the farm, said he had fled.

Dean Lloyd N. Neidlinger of  
Dartmouth and Robert P.  
(Whitey) Fuller, the college's pub-  
licity director, said that Gates,  
wherever he was, was "definitely  
through with college."

The college authorities had  
given Gates a week to make up  
his mind whether he wanted to  
come back to school or remain at  
the farm. His family and friends  
had begged him to finish his  
studies and the 24 year old ath-  
lete agreed to "consider it."

Police were assigned to the  
camp. State Superintendent  
George Colbath said, to protect  
members of the society from a  
curious crowd attracted by the  
wide publicity given Gates' re-  
treat there.

Colbath said Gates still was at  
the farm. Questioned about Gates'  
reported disappearance, Fuller  
said:  
"I know all about it, but I'm  
not going to say anything more.  
Gates will not be back here, and  
its out of my hands. It's a legal  
case now."

### LISTON RUNS 42 YARDS

Blocked Punt And Intercepted  
Pass Hurt Red And Black;  
Many Subs Used

Tiger Coach Roy Black was  
looking over his available mater-  
ial Friday in an effort to find  
enough experienced boys to mold  
together a starting backfield to go  
against Grove City in the season's  
final next Friday night. Paul  
Walters, quarterback, and Harold  
Smith, fullback, were hurt so se-  
verely in the Washington C. H.  
game Thursday evening that they  
are through for the season. Wal-  
ters has a broken nose and broken  
left thumb and Smith a torn knee,  
the extent of the injury not being  
fully determined.

The score of the game was 26  
to 7, Washington C. H. scoring all  
its points in the first half, two  
of the touchdowns coming on  
breaks, and Circleville getting its  
lone touchdown in the final pe-  
riod after a 42 yard run by Bob  
Liston put the ball in position for  
Johnny Noggle to crash over the  
line.

The story of the first half is  
contained in the fact that Wash-  
ington C. H. found the Tiger  
tackles easy and was content to  
smash at them, over them and  
around them for numerous gains,  
Merritt, dashing and hard-driving  
quarterback, making nearly all the  
gains. Coach Black used every  
tackle he had available but was  
not able to find a pair that would  
smash hard enough to stem the  
tide.

### Double Reverse Scores

The initial Blue Lion touchdown  
was counted in the first period by  
Merritt on a double reverse that  
completely surprised the left side  
of the Tiger line. The count was  
fourth down with seven to go, the  
ball resting on the 10 yard line  
when Merritt took the leather on  
the reverse and crossed the line  
standing up. Reno's placement was  
perfect.

The second touchdown was  
counted early in the second period  
when Stelbelton's punt from the  
19 yard line was blocked by Mc-  
Coy, Washington end. The tall end  
chased the ball across the goal line  
and fell on it for the touchdown.  
Merritt sped around Circleville's  
left end again for the point.

The third touchdown was really  
earned, the Blue Lions starting the  
ball from their own 22 and march-  
ing straight down the field. Spet-  
nagle going through the middle of  
the line from the 12 yard mark  
for the touchdown. Merritt was  
smeared in his run trying for the  
extra point.

The fourth touchdown came on  
another break, McKinney inter-  
cepting Harold Smith's pass on the  
Washington 30 and running the  
remainder of the way, behind good  
blocking, Smith had the runner on  
about the 40 yard line but was the  
victim of a nasty swinging stiff-  
arm when he tried to tackle too  
high.

Both teams substituted freely  
during the remainder of the half,  
but both were back in full force  
as the third period began. Numer-  
ous replacements were made early  
in the session, however. Coach  
Steve Shay of Washington kept  
Merritt on the bench during most  
of the last half although he was  
in much of the final period.

### Liston Starts Drive

The Tiger touchdown came in  
the final session after Bob Liston  
covered a Washington fumble on  
the Circleville 45. Noggle picked  
up four and Liston got three at the  
line before he circled the Wash-  
ington C. H. right end to the six  
yard line where he was smeared.  
Noggle made four and Liston put  
it on the half yard stripe. Both  
sides were offside on the next  
play, but the Tigers were not to  
be denied, Noggle smacking over  
the center, Harold Smith scored  
the extra point when he took the  
ball from center, dropped it, picked  
it up and ran around his left end.  
Another Tiger touchdown in the  
making was taken away on the  
next kickoff. Smith had booted the

### COLUMBIA 11 CRIPPLED

NEW YORK, Nov. 4.—(UP)—  
The University of Virginia foot-  
ball team which meets Columbia  
tomorrow arrived today. The Ca-  
valiers will take only one light  
limbering up exercise at Baker  
field this afternoon to ready them-  
selves for the injury-riddled lions.  
Sid Luckman, Columbia's great  
passing star who was injured in  
last week's Cornell game, will be  
on the sidelines, and Capt. Jack  
Wright, tackle, hurt two weeks  
ago, probably will not start.

ball to Douglas, chunky sub full-  
back. Smith went down the field  
leading the Tiger pack and smacked  
the ball carried hard enough to  
force a fumble. Smith, not satis-  
fied with kicking off and tackling  
the runner, covered the fumble on  
the Washington 38. But the um-  
pire saw a Circleville man offside  
on the kickoff and all was lost.

On the next exchange Smith re-  
ceived a punt and raced back to  
the 36 before he was smeared; and  
smeared hard. The youngster, who  
played a great game of football,  
was carried off the field amid a  
splendid ovation. His left knee was  
hurt.

For Washington C. H., Merritt  
was head and shoulders above all  
his mates. He received splendid  
support from McKinney, Steward-  
son, McCoy and Spetnagle. For  
Circleville, the brunt was carried  
by Harold Smith, big Bob Liston  
and Johnny Noggle in the back-  
field and Gene Arledge in the line.

Grove City, final Tiger foe, has  
been playing splendid ball. Coach  
Pete Trego has been doing a good  
job, the Commercial Point lad's  
team forcing Upper Arlington to  
turn on everything it had to win  
in the final period. Several im-  
pressive victories are recorded on  
the Grove City side of the plate.

Here are some statistics on the  
ball game: first downs, Washing-  
ton C. H., 13; Circleville, 8; pen-  
alties, Washington C. H., eight for  
100 yards, Circleville five for 35  
yards; passes, Washington C. H.,  
tried five, completed two; Circle-

## Fordham-St. Mary, West Coast Contests Attract

NEW YORK, Nov. 4.—(UP)—A heavy intersectional schedule head-  
lined by the Fordham-St. Mary's game at New York challenged a  
pair of neighborhood brawls today for attention on the national foot-  
ball program.

Undoubtedly, the California-Southern California and the Pitt-Car-  
negie Tech tilts will be more closely watched than any in the country  
because Pittsburgh's Panthers have their sights trained on the  
mythical national title, and the other game should determine the  
western Rose Bowl team.

Ordinarily, Pitt should beat the Sikbos by three or four touch-  
downs, but the Panthers got a good going over before they finally  
beat Fordham in the final period.  
last week, and if they should hap-  
pen to suffer a letdown, Tech may  
provide grid fans with the season's  
biggest upset.

### Trojans Have Chance

The all-California affair is  
the one that really has the pig-  
skin experts guessing. Southern  
California has come along sensa-  
tionally since losing the season  
opener to Alabama. The Trojans  
have shown enough power in roll-  
ing over Oregon State, Washing-  
ton State, Stanford and Oregon to  
upset the undefeated Golden Bears.  
This game virtually will decide the  
Pacific coast conference title, so  
it looks like the winner will be  
representing the West in the  
tournament of Roses festival at  
Pasadena on New Year's day.

It will be the eighth annual  
meeting between Fordham and St.  
Mary's and the game is fast be-  
coming one of New York's  
"classics." To make it more inter-  
esting, the two clubs are tied, each  
having won three while one game  
ended in a tie. Both have been de-  
feated once, and each by the out-  
standing eleven of their sectors.

Result of this intersectional may  
have an important bearing on se-  
lection of the Sugar Bowl visitor at  
New Orleans. Santa Clara,  
still undefeated and untied, was in-  
vited to the New Orleans extrava-  
ganza last year. If the Broncos  
maintain a perfect record, they  
probably will be asked again. But  
—they still have to get by St.  
Mary's a week from Sunday. If  
the Gaels can beat Fordham and  
Santa Clara, they probably will get  
the bid. And, if Fordham should  
beat St. Mary's, and St. Mary's de-  
feat Santa Clara, the Rams are a  
cinch to be invited. It is under-  
stood that all three schools have  
been sounded out on their willing-  
ness to participate, if—

Next best on the intersectional  
list sends Notre Dame's "greatest  
team since Rockne" against Navy  
at Baltimore. The Ramblers  
should win by two touchdowns, but  
they are always in for a battle  
when they play one of Uncle Sam's  
service schools.

Police were assigned to the  
camp. State Superintendent  
George Colbath said, to protect  
members of the society from a  
curious crowd attracted by the  
wide publicity given Gates' re-  
treat there.

Colbath said Gates still was at  
the farm. Questioned about Gates'  
reported disappearance, Fuller  
said:

"I know all about it, but I'm  
not going to say anything more.  
Gates will not be back here, and  
its out of my hands. It's a legal  
case now."

State police guarded the turkey  
farm headquarters of the religious  
society near here, because they  
believed Gates was still there, but  
Mrs. Joseph Holland, manager of  
the farm, said he had fled.

Dean Lloyd N. Neidlinger of  
Dartmouth and Robert P.  
(Whitey) Fuller, the college's pub-  
licity director, said that Gates,  
wherever he was, was "definitely  
through with college."

The college authorities had  
given Gates a week to make up  
his mind whether he wanted to  
come back to school or remain at  
the farm. His family and friends  
had begged him to finish his  
studies and the 24 year old ath-  
lete agreed to "consider it."

## ARAB MENACES U. S. PROPERTY IN JERUSALEM

LONDON, Nov. 4—(UP)—The News Chronicle, in a Jerusalem dispatch, reported today that Abdul Razik, Arab rebel leader, threatened to boycott American goods, demolish American buildings and seize American property if the United States government intervened in favor of continued Jewish immigration to Palestine.

Razik, the dispatch said, sent "a vigorous if mis-spelled" letter to President Roosevelt through the American consulate.

According to the dispatch the letter was addressed to "Franklin Roosevelt, Cordell Hole and Senator Grant" for the President and Secretary of State Cordell Hull.

Razik, according to the dispatch, suggested that if the United States was interested in the salvation of Jews it should open its doors to immigration.

Another rebel leader, Abdul Mansur, threatened reprisals against British civilians, the dispatch said, and suggested to Britons: "If you pretend to heroism show it to Hitler."

If It Is Your Birthday  
Those whose birthday it is are at the threshold of a year of great activity and gratification in the business and private lives. There will be very merry and joyous doings in connection with social, romantic, domestic and artistic functions, with youth and romance having their fling. But dangers also are indicated, so be alert.

A child born on this day may be particularly stimulated and high-keyed in its intellectual as well as emotional and spiritual qualities, but it may have an undercurrent of the subtle, elusive, probably imaginative, eccentric and reactionary. Its fine qualities should be given direction in its early life.

## BRITAIN'S KING PRAISES F. D. R. FOR PEACE PLEA

Parliament Hears Message  
By Ruler; Much Of Czech Crisis Discussed

### TRIBUTE PAID TO DUCE

Calmness During Minority  
Trouble, Chamberlain's Work Applauded

LONDON, Nov. 4—(UP)—King George, in a message to parliament today praised President Roosevelt's action in the Czechoslovak crisis as a powerful aid to the cause of peace and expressed hope that with the passion of the crisis a new era might have been opened in Europe.

The message, in which the king prorogued or ended the present session of parliament in favor of the new session which starts next Tuesday, was read in the house of lords by the lord high chancellor, Lord Maugham, at a joint session.

Tribute Voiced  
The king traced the solution of the Czechoslovak crisis and in paying tribute to President Roosevelt for the messages he sent to Adolf Hitler and Benito Mussolini urging a peaceful solution said:

"The cause of peace was powerfully aided by the timely action of the President of the United States of America."

"The desire of all peoples not to be drawn into war with one another is manifest and significant, and everywhere men and women share with me, I am convinced, a feeling of deep thankfulness that the imminent peril was thus averted."

"I pray that with the passing of this peril a new era may have opened for Europe."

The king mentioned the airplane flights of Prime Minister Neville Chamberlain to Berchtesgaden and Godesberg, in Germany, to confer with Hitler "in view of the increasing gravity of the crisis." Of the Godesberg visit September 22, he said:

"At this stage the prospect of peaceful settlement seemed almost to have vanished but at the last moment the prime minister made a proposal to the German chancellor for a four power conference."

"Signor Mussolini gave valuable support to the suggestion."

Then, speaking of the settlement which was reached at Munich, the king said:

"The settlement thus arrived at was accepted with a dignity that has earned general admiration by the government and people of Czechoslovakia."

The king made his reference to the President at this point.

In starting his message, which was delivered in the form of a speech, the king spoke of the visit which he and Queen Elizabeth made to Paris last July.

"Nothing could have more clearly demonstrated the strength of the bonds which so happily unite our two countries," he said.

He continued to speak of the Czechoslovak crisis, including the mobilization "during this period of anxiety" of the British navy and of other measures.

Calmness Observed  
"I was proud to observe the calmness and determination displayed by all my people," he commented.

The king then referred to the government's decision to make effective the British-Italian friendship agreement, as a prerequisite of which Great Britain will recognize Italy's conquest of Ethiopia. He expressed the cabinet's confidence that this action would further strengthen "the good relations already existing between Italy and this country."

Then the king went on to say that Britain took the lead at the recent League of Nations annual assembly "in providing for explicit recognition of the independent existence of the league covenant apart from the treaties of peace"—that is, in removing the obligation of league members to join in enforcing the Versailles and other World War treaties.

SEATTLE, Wash., Nov. 4—(UP)—Mrs. John Boettiger, daughter of President and Mrs. Roosevelt, scored a journalistic "scoop" today by announcing in her weekly column in the Seattle Post-Intelligencer that she was expecting another child next Spring.

Then the king went on to say that Britain took the lead at the recent League of Nations annual assembly "in providing for explicit recognition of the independent existence of the league covenant apart from the treaties of peace"—that is, in removing the obligation of league members to join in enforcing the Versailles and other World War treaties.

## YEHUDI CHEERED NOT JEERED IN COAST CONCERT

LOS ANGELES, Nov. 4—(UP)—Yehudi Menuhin played his violin to a packed and applauding house last night without the hissing that had been threatened by Hollywood union sympathizers.

Only a slight tenseness at the start of his concert, when the young virtuoso became upset by flashing camera bulbs, was evidence of his controversy with the American Guild of Musical Artists.

The guild has a contract with the Southern California Symphony association that only its members shall appear in the association's concerts. Menuhin refused to join. The guild regarded his appearance as a breach of contract but permitted him to appear.

The threats to hiss Menuhin had been telephoned yesterday to Mrs. Leland Atherton Irish, vice-president of the symphony

# QUARTER OF MILLION PUT IN MAILS

## CITY'S AMOUNT OF FUND LISTED AT \$22,306.23

All Townships, Villages And Schools Receive Share Of Receipts

Distribution of the June tax collection was announced Friday by Auditor Forrest Short. Checks were mailed to the various political subdivisions Thursday.

The distribution totalled \$240,078.03, including real estate taxes of \$234,519.19, inheritance tax of \$2,911.88, depository interest of \$77.92, and cigarette license tax of \$2,569.04.

Due to the custom of some persons paying their entire taxes for the year in one payment and numerous delinquencies being settled, the June tax distribution was less than that made in February this year on the December, 1937 collection. The February distribution amounted to about \$370,000, officials said.

### Totals Due Listed

Figures announced in the distribution are the total amounts due the subdivisions. Advance draws on the distribution are not listed.

Circleville city received \$22,306.23. The city has obtained an advance of \$5,000 and about \$6,000 will be needed for the sinking fund, leaving about \$11,000 for the general fund, city officials said.

Distribution to school districts was Circleville township \$596.09, Darby \$3,956.11, Deer Creek \$3,585.46, Harrison \$11,707.30, Jackson \$9,525.90, Madison \$2,700.53, Monroe \$4,081.93, Muhlenberg \$4,328.96, Perry \$2,465.27, Pickaway \$10,795.52, Salt Creek \$2,570.64, Scioto \$8,019.91, Walnut \$8,235.29, Washington \$2,799.46, Wayne \$3,775.43, Harrisburg \$124.47, Ashville \$5,954.48, Deerfield \$659.32, Waterloo \$17.07, New Holland \$3,062.12, Tarlton \$148.29 and Circleville city schools \$18,153.70.

Payments to townships were Circleville \$1,305.21, Darby \$1,643.66, Deer Creek \$1,836.98, Harrison \$3,330.58, Jackson \$1,861.01, Madison \$748.62, Monroe \$965.59, Muhlenberg \$803.45, Perry \$1,706.77, Pickaway \$3,546.98, Salt Creek \$1,649.38, Scioto \$957.79, Walnut \$3,719.46, Washington \$1,597.75, and Wayne \$822.50.

Corporations received the following amounts: Circleville \$22,306.23, Harrisburg \$2.55, Williamsport \$475.54, Ashville \$3,133.77, So. Bloomfield \$60.34, Darbyville \$155.40, New Holland \$682.22, Tarlton \$210.72, and Commercial Point \$71.36.

### WALNUT TWP. SCHOOL NEWS

#### Office News

Basketball season opens next week. Our teams have been practicing for a couple of weeks. We hope that they will have some success in their efforts. Whatever their success in interscholastic games the students body and community should cheer them on.

The music department is working on the music for the festival. Our students are interested in making this the best music festival that we have yet had. All are working hard to do our share.

The cantata, "Child Jesus," by Clokey, which has been chosen for the county music chorus, will also be given by our high school at Christmas. Fifteen members selected from the high school music classes will be sent to the county chorus.

#### F. H. A.

The Future Homemakers Association held its first meeting of the school year Wednesday, Nov. 2. The meeting was called to order by the President, after which the business meeting was taken care of.

Erma Frazier, Eloise Hay, Helen Heffner and Louella Rager were chosen to formulate standard qualifications which the honorary members of our Association should meet. They decided also to nominate several for the club to elect from. We elect two this year. The freshmen were initiated by several games and stunts. Songs were sung by the club and suckers were served as refreshments.

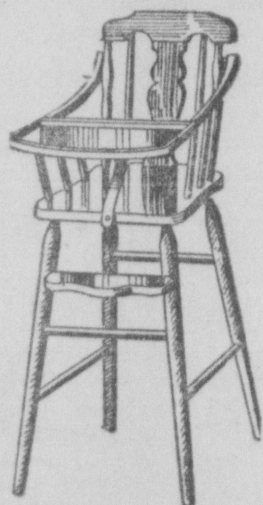

#### Girls Athletics

During the physical education period the girls play basket ball. The girls suits will be given out next Tuesday evening. Every girl is trying her best to get one.

## Lutheran Brotherhood Has Prof. Quiz Contest

Trinity Lutheran Brotherhood meeting held Thursday evening in the parish house was one of the most enthusiastic for many months and proved to be a good opener for Winter activities.

Devotionals were in charge of Rev. G. J. Troutman. They consisted of singing of two familiar hymns, scripture reading and prayer.

At the close of the business session eleven visitors were introduced, six of them being members of the Circleville High school faculty. During the recess Karl J. Herrmann and his assistants served weiners, kraut and coffee.

The first feature of the program was an interesting and informa-

tive talk by Dr. Troutman on "The State of the Church in America." This is one of a series of treatises, the next to be given at the meeting of Nov. 17, at which time Rev. G. L. Troutman will discuss "The State of the Church at Large."

The greater part of the entertainment period was given over to a "Prof Quiz Test", with George C. Griffith in charge.

Mr. Griffith introduced T. E. Wilson, publisher of The Circleville Herald, and master of ceremonies. The contest was between teams made up of the high school faculty, with Supt. Frank Fischer as captain, and a team selected by Edward Sensenbrenner. In a double feature trial, the first try was won by the Brotherhood team and the last by the high school faculty team. Charles E. Walters, of the Brotherhood team, and Sam Johnson of the school team, were the last to fall under the barrage of questions put by Mr. Wilson.

Rev. G. L. Troutman was in charge of "stunts" and called three from the high school team and the Brotherhood team in a cigar smoking contest. The winners were Dr. P. C. Routzahn, E. Sensenbrenner and Samuel Johnson.

Carl C. Leist was in charge of the group singing. The next meeting will be held on Nov. 17. The program includes Rev. G. L. Troutman's talk, "Making Our Newspaper," by T. E. Wilson; stunts under the direction of J. D. Hummel; D. E. Mason as song leader, and L. M. Mader in charge of the service of lunch.

### Boys Sports

The high school physical education boys are playing speed ball and touch football.

In basketball four letter men are back. They are Brown, Bowman, Hoffman and Winterhoff.

Sherman, Campbell and Ralph McCain are giving the others a good fight. About thirty boys are out for the team.

Walnut is in favor of a preliminary team composed of Junior high teams. It will be good training for future teams. We have splendid prospects for our freshman squad here.

Our first game is with New Holland at Walnut.

No basketball manager has been appointed yet.

Mr. Griffith is starting his 15th year of coaching.

### 5th Grade News

We have had 29 pupils in the fifth grade but now we will have only 28. Betty Eveland is moving to Amanda this week. After Betty is gone we will have seventeen boys and eleven girls.

Richard Koch brought a coffee bean to school. We are going to plant it to see if it will grow.

### 6th Grade News

The sixth grade has formed two clubs to promote better attendance. We have had all but one here this week.

We are writing letters in English and are taking an imaginary trip to South America.

### Shop News

The boys are building new cupboards for new equipment. Also they are changing the location of some cupboards and are gumming circular saws.

The freshman and sophomores are working on practice record books.

Juniors and senior are summarizing last year's project books and electing this year's project. They are also studying about drainage and trying to find a draining system that will work on the Koch farm.

### 4th Grade News

# CONGRESSMAN CLAYPOOL DESERVES A SECOND TERM

HON. H. K. (Happy) Claypool

## WHAT HE ACCOMPLISHED FOR OUR DISTRICT

### RURAL ELECTRIFICATION

During his first term he secured over a Million Dollars appropriation for Rural Electrification for his district or one-seventh of all such funds appropriated for Ohio (which has 22 Congressional districts).

### FLOOD CONTROL

He secured appropriations for flood control in his district approximately Seven Million Dollars. As soon as the preliminary engineering work is completed this work will favorably affect the prosperity of the district.

### OLD AGE PENSIONS

He has been and will continue to be active in promoting the interests of the needy aged persons by proper legislation. He believes in less "red tape".

### VETERANS

He has served on World War Veterans Committee of the House of Representatives and his work has been endorsed by heads of American Legion, Veterans of Foreign Wars and other similar organizations.

### LABOR

He supported the Guffey Coal Bill to advance interests of miners and the coal industry of the district. He voted for all measures to advance the cause of the laboring man and has been endorsed by leading labor unions affiliated with both major labor organizations and others.

### FARMER

He has been responsive to requests of the various farm organizations and voted for measures designed to assist the farmer and will vote for such changes in the farm program as experience shows to be advisable in the attempt to increase prices of farm products and lessen the farmers burden.

### INDUSTRY

He is in favor of lessening the tax burden on industry and to confine only such regulations as are necessary to protect the investing public and consumers of industry's products so that private industry may be encouraged to further expansion and employment of labor—thus relieving the burden upon the Federal and State Governments. He believes in the principle that idle persons should be kept in useful employment instead of "dole" or pure gifts—and therefore has supported continuance of WPA and PWA until this labor can be taken over by private industry.

Continue the good work of Congressman Claypool by re-electing him for a SECOND TERM next Tuesday.

During the recess Karl J. Herrmann and his assistants served weiners, kraut and coffee.

The first feature of the program was an interesting and informative talk by Dr. Troutman on "The State of the Church in America."

This is one of a series of treatises, the next to be given at the meeting of Nov. 17, at which time Rev. G. L. Troutman will discuss "The State of the Church at Large."

The greater part of the entertainment period was given over to a "Prof Quiz Test", with George C. Griffith in charge.

Mr. Griffith introduced T. E. Wilson, publisher of The Circleville Herald, and master of ceremonies. The contest was between teams made up of the high school faculty, with Supt. Frank Fischer as captain, and a team selected by Edward Sensenbrenner. In a double feature trial, the first try was won by the Brotherhood team and the last by the high school faculty team.

Charles E. Walters, of the Brotherhood team, and Sam Johnson of the school team, were the last to fall under the barrage of questions put by Mr. Wilson.

Rev. G. L. Troutman was in charge of "stunts" and called three from the high school team and the Brotherhood team in a cigar smoking contest. The winners were Dr. P. C. Routzahn, E. Sensenbrenner and Samuel Johnson.

Carl C. Leist was in charge of the group singing.

The next meeting will be held on Nov. 17. The program includes Rev. G. L. Troutman's talk, "Making Our Newspaper," by T. E. Wilson; stunts under the direction of J. D. Hummel; D. E. Mason as song leader, and L. M. Mader in charge of the service of lunch.

#### Boys Sports

The high school physical education boys are playing speed ball and touch football.

In basketball four letter men are back. They are Brown, Bowman, Hoffman and Winterhoff.

Sherman, Campbell and Ralph McCain are giving the others a good fight. About thirty boys are out for the team.

Walnut is in favor of a preliminary team composed of Junior high teams. It will be good training for future teams. We have splendid prospects for our freshman squad here.

Our first game is with New Holland at Walnut.

No basketball manager has been appointed yet.

Mr. Griffith is starting his 15th year of coaching.

#### 5th Grade News

We have had 29 pupils in the fifth grade but now we will have only 28. Betty Eveland is moving to Amanda this week. After Betty is gone we will have seventeen boys and eleven girls.

Richard Koch brought a coffee bean to school. We are going to plant it to see if it will grow.

#### 6th Grade News

The sixth grade has formed two clubs to promote better attendance. We have had all but one here this week.

We are writing letters in English and are taking an imaginary trip to South America.

#### Shop News

The boys are building new cupboards for new equipment. Also they are changing the location of some cupboards and are gumming circular saws.

The freshmen and sophomores are working on practice record books.

Juniors and senior are summarizing last year's project books and electing this year's project. They are also studying about drainage and trying to find a draining system that will work on the Koch farm.

We got new Spelling books this week. They are called Progressive Word Mastery. We like them much better than our old spelling books.

We have had 99 percent attendance in our room for the first two months of school. The P.-T. A. is going to give us two new books for our library.

In Geography we are taking a trip to our neighboring country, South America. We have already

learned that most of South America is very hot.

# CONGRESSMAN CLAYPOOL DESERVES A SECOND TERM

HON. H. K. (Happy) Claypool

## WHAT HE ACCOMPLISHED FOR OUR DISTRICT

### RURAL ELECTRIFICATION

During his first term he secured over a Million Dollars appropriation for Rural Electrification for his district or one-seventh of all such funds appropriated for Ohio (which has 22 Congressional districts).

### FLOOD CONTROL

He secured appropriations for flood control in his district approximately Seven Million Dollars. As soon as the preliminary engineering work is completed this work will favorably affect the prosperity of the district.

### OLD AGE PENSIONS

He has been and will continue to be active in promoting the interests of the needy aged persons by proper legislation. He believes in less "red tape".

### VETERANS

He has served on World War Veterans Committee of the House of Representatives and his work has been endorsed by heads of American Legion, Veterans of Foreign Wars and other similar organizations.

### LABOR

He supported the Guffey Coal Bill to advance interests of miners and the coal industry of the district. He voted for all measures to advance the cause of the laboring man and has been endorsed by leading labor unions affiliated with both major labor organizations and others.

### FARMER

He has been responsive to requests of the various farm organizations and voted for measures designed to assist the farmer and will vote for such changes in the farm program as experience shows to be advisable in the attempt to increase prices of farm products and lessen the farmers burden.

### INDUSTRY

He is in favor of lessening the tax burden on industry and to confine only such regulations as are necessary to protect the investing public and consumers of industry's products so that private industry may be encouraged to further expansion and employment of labor—thus relieving the burden upon the Federal and State Governments. He believes in the principle that idle persons should be kept in useful employment instead of "dole" or pure gifts—and therefore has supported continuance of WPA and PWA until this labor can be taken over by private industry.

Continue the good work of Congressman Claypool by re-electing him for a SECOND TERM next Tuesday.
